

# Construction Alert:

## East Horizon Drive & College Drive

A contractor for Southwest Gas will soon begin work to implement a system improvement to our existing natural main gas line and services in the intersection of College Dr. and East Horizon Dr., with expected completion in July 2018. Existing Southwest Gas customers should not experience an interruption in gas service during this work, unless notified.

You may be affected by the following:

- Work will begin east of College Drive and move in a northern direction.
- Work will take place primarily during daytime hours Monday through Saturday; however, work hours may change to minimize impacts to nearby businesses, homes or traffic.
- Roads will remain open for travel with restrictions in place near the work zone and left turns may also be restricted. Traffic heading north will be primarily impacted. Traffic control will stay in place during non-work hours to protect the work zone.
- Access to businesses, schools and residences will be maintained.

Southwest Gas is committed to providing its customers with safe and reliable natural gas. For additional info, **contact our project hotline at 702-826-2413.**

**Thank you for your patience during this work.**
