

SCHEDULE NO. NG-G5  
GENERAL GAS SERVICE – 5

APPLICABILITY

Applicable to customers whose average monthly requirements on an annual basis are 1,000,000 therms or greater.

TERRITORY

Throughout the Company's certificated Northern Nevada Service Areas, except as may hereafter be provided.

RATES

The demand charge, commodity charge and Basic Service Charge are set forth in the currently effective Statement of Rates of this Nevada Gas Tariff and are incorporated herein by reference.

To receive sales service under this schedule, the Base Tariff Energy Rate (BTER) of the customer's sales rate will be determined in accordance with Special Condition No. 4 of this schedule.

The monthly demand charge shall be the product of the demand charge rate multiplied by the customer's billing determinant. The billing determinant shall be equal to the customer's highest monthly throughput during the most recent 12 month period, ending the month prior to the current billing period. Reductions in the customer's billing demand will be limited to no greater than 20 percent during any 12 month period ending with the current billing period.

The minimum charge per month is the sum of the Basic Service Charge and the demand charge.

LATE CHARGE

The monthly bill is due and payable as of the date of presentation. Included in the bill will be a late charge of five percent on the first \$200 of the monthly bill, plus two percent of any balance above \$200, which will be imposed if payment is not received by the next month's billing.

SPECIAL CONDITIONS

1. A service agreement specifying the customer's volumetric requirements and curtailment priority as defined in NAC 704.501 may be required under this schedule.
2. To receive sales service under this schedule, the customer must make a three-year commitment to sales service.
3. The customer under this schedule may elect transportation service after providing an 18 month notification; however, customers with an active sales service agreement can return to transportation service only at the conclusion of their sales service agreement after providing at least 18 months notice.

If the customer switches to transportation service without providing proper notice an exit fee will be assessed to prevent the shifting of any costs to its remaining sales customers, if the Company determines there are such costs associated with the customer's change in service.
