Earn Lifetime Savings with High-Efficiency Equipment!

Major cooking appliances account for almost 35% of the average restaurant's energy expenditures.¹ Efficient equipment can decrease your energy use by as much as 90%.²

High-efficiency equipment uses less natural gas and water, so you pay less on your utility bills.

1. Energy consumption for commercial kitchens based on Energy Star study:
https://www.energystar.gov/sites/default/files/asset/document/CR%20ES%20Restaurant%20Guide%202015%20v8_0.pdf.
 2. Energy consumption savings are based on a comparison of annual gas consumption for high-efficiency and standard-efficiency units of equivalent size and capacity.

PROGRAM OVERVIEW

The Instant Rebates! Point-of-Sale Foodservice Program is now available to customers within Southwest Gas[®] territory in Nevada. The program offers Instant Rebates for natural gas fryers, ovens, and griddles.

QUALIFYING EQUIPMENT

Many makes and models of natural gas foodservice equipment qualify for rebates up to \$3,000 per unit. Eligible equipment must be installed at an active, valid, non-residential natural gas Southwest Gas service location in Nevada. For a full list of eligible equipment, visit www.energystar.gov/productfinder or view the SoCalGas qualified product list on www.caenergywise.com/rebates.
