FIND HIDDEN SAVINGS!

Your home may be hiding energy savings in places you didn't even know! Explore our Energy Savings Portal at swg.opower.com to find out how natural gas is being used in your home.

Find energy-saving tips, safety information, energy efficiency rebates, employment opportunities and more.

GRILL SAFELY THIS SUMMER

June and July are peak grilling months, so serve up your best by prepping for safety.

- Always start with a clean grill.
- Check hoses for holes, cracks or brittleness.
- Follow all manufacturer instructions for proper lighting and maintenance.

Need your natural gas grill connected? Visit swgas.com/referrals to find a contractor in your area who's participating in the Appliance Connection Program or call our Energy Specialists at **800-654-2765**.
