## CUSTOMER NOTICE

### Important Information About the Charges for Your Natural Gas Service

On December 3, 2021, Southwest Gas Corporation (“SWG”) filed an application for a permanent gross revenue increase with the Arizona Corporation Commission (“ACC”). After careful consideration of SWG’s filing and the positions of the other parties in the case, the ACC authorized an increase of approximately \$54.3 million, effective February 1, 2023, per Decision No. 78845 (Docket No. G-01551A-21-0368).

The residential basic service charge remains \$10.70 per month. The rates approved herein will increase the monthly bill of the typical single-family residential customer with average annual usage of 24 therms by \$2.94, from \$44.25 to \$47.22, or 6.64 percent. For former GCU Customers, the rates approved herein will increase the monthly bill of the typical single-family residential customer with average annual usage of 29 therms by \$11.28, from \$43.61 to \$54.89, or 25.87 percent. Actual bills may be higher or lower than this amount, depending on usage and other rate adjustments.

As part of the application, SWG proposed to include customers of Graham County in its cost of service and effective sales rates. As a result, the basic service charge is reducing from \$19.00 to \$10.70. For more information, please visit [swgas.com/en/graham-county](http://swgas.com/en/graham-county).

The ACC approved an expansion of the Company’s Low Income Ratepayer Assistance (LIRA) program to provide a discounted monthly basic service charge and 30% reduction on the per-therm rate year-round and increase program eligibility to 250 percent of federal poverty level.
