

SOUTHWEST GAS CORPORATION
REQUEST FOR NATURAL GAS SERVICE LINES

WR # _____

To avoid delays in scheduling, fill out immediately after receiving your building permit. **Please include the following:**

1. Plot/Site plan showing location of building on lot.
2. Desired meter location and relative measurement (subject to Southwest Gas approval). All residential meters must be located at the house. Property line meter sets are not permitted.

Note: Normally it takes 8-12 weeks after receipt of contract and payment before we can proceed with installation (additional time may be required for permitting, and is required if gas main line design is needed).
