

ARIZONA SMARTER GREENER BETTER[®] COMMERCIAL REBATES APPLICATION

How to Apply

Do not complete this rebate application if you are a multi-family property. For a list of available rebates and a copy of the rebate application for multi-family properties, please visit: swgasliving.com/AZmultifamily

1. Read the Terms and Conditions included with this Rebate Application.
2. Purchase qualifying equipment on or after July 1, 2012. **Rebates are available for purchases made on or after July 1, 2012 until program funds are no longer available. Refer to the Rebate Application for qualifying product information.** Qualifying products **must be installed before applying** for a rebate.
3. Read, complete, and sign the Rebate Application. Submit the completed Rebate Application along with proof-of-purchase (see **Proof-of-Purchase Requirements** below) by:

Mail: Southwest Gas
Energy Efficiency Program
2223 S. Highland Dr. #E6-333
Salt Lake City, UT 84106
E-mail: rebates@swgasrebates.com
Fax: 866-308-8956
Online: www.swgasrebates.com

If applying online, do not submit this Rebate Application by mail, fax, or e-mail. Instead, mail, fax, or e-mail a copy of the proof-of-purchase (see Proof-of-Purchase requirements below), and the online confirmation page to the mailing address, fax number, or e-mail address listed above. **Do not include the Rebate Application or proof-of-purchase with your utility bill payment.** Incomplete Rebate Applications will not be processed.

Program participation dates are subject to funding availability and may change without notice. Program and submission deadline dates will be updated on the Southwest Gas website at www.swgas.com/efficiency/az.

4. Keep a copy of your completed Rebate Application package (including receipts or invoices used for proof-of-purchase) for your records. Southwest Gas reserves the right to verify energy-efficient equipment, customer eligibility, and equipment installation prior to paying any rebate.

Proof-of-Purchase Requirements

1. Read the Equipment Information included in this Rebate Application to make sure the equipment you purchase and install meet **all** program requirements.
2. All equipment **must be installed on an active Southwest Gas commercial meter** prior to submitting the completed and signed Rebate Application and proof-of-purchase.
3. You **MUST** submit a receipt or invoice as proof-of-purchase. **Altered receipts will not be accepted unless signed by the store manager or installation contractor.** The receipt or invoice must include:
 - Retailer and/or contractor name, address, and phone number.
 - The equipment purchase date. This date must be on or after July 1, 2012.
 - Itemized listing of equipment, including all information needed to meet the rebate criteria. Refer to the Equipment Information portion of this Rebate Application and obtain any missing information from your retailer such as model number, SKU/UPC number, etc.
 - Itemized equipment cost, payment terms (or "paid-in-full" notation), and date paid.

Terms and Conditions

Read these Terms and Conditions, and then sign and date the Customer Information portion of the Rebate Application.

1. To be eligible for a rebate, Customer understands that: (a) Customer must be an Arizona commercial customer on an approved rate schedule with an active meter serviced by Southwest Gas for the installation address and, (b) the equipment installed must qualify as described on the Rebate Application, which is incorporated herein by this reference, and must be designed to reduce the consumption of the energy distributed to Customer by Southwest Gas at the installation address. Resale equipment, warranty replacements, equipment leased, rebuilt, rented, received from insurance claims, or won as a prize, do not qualify for a rebate. Customer must complete separate rebate applications for each installation address. All uses herein of the words "install", "installation" or similar phrases shall mean complete installation such that the subject equipment is fully functional.
2. Customer understands the rebate offer is limited to commercial customers on an approved rate schedule. Only customers who are subject to the rates established by the Southwest Gas demand-side management surcharge adjuster mechanism will be eligible to participate. The energy-efficient equipment must be installed in a commercial building within Southwest Gas' Arizona service territories. The building must be fully constructed and occupied.
3. Customer understands the program starts on July 1, 2012 and that the program is subject to change without notice. New equipment purchases occurring prior to July 1, 2012 do not qualify for a rebate. **The program may be modified or terminated without prior notice.** In the event that rebate amounts change during the program period, the purchase date will be used to determine equipment eligibility and the application postmark date will be used to determine rebate amount.
4. Customer understands that this signed and dated Rebate Application and all appropriate proof(s)-of-purchase must be submitted to be considered eligible for payment of a rebate. The submission deadline date is subject to funding availability and may change without notice. A rebate check for qualifying equipment is generally mailed 8 to 10 weeks after Southwest Gas receives and approves a completed Rebate Application including all required documentation unless a Rebate Application is selected for a verification, which may add additional time. An incomplete Rebate Application will not be processed.
5. Customer will allow, if requested, a Southwest Gas representative or Southwest Gas-authorized inspector reasonable access to the building to verify the installed equipment Customer has purchased before a rebate is paid. Customer understands that a rebate will not be paid if Customer refuses to participate in any required verification. The verification of installation must be scheduled within 30 days of Customer contact by Southwest Gas. Customer understands that Southwest Gas may contact the qualifying equipment vendor and/or installer to verify purchase and/or installation and may provide Customer name and/or address to complete this verification.
6. By signing the Rebate Application or Installation Notice, Customer acknowledges and agrees that Southwest Gas may duplicate, disseminate, release and disclose information relating to this Rebate Application (including the entirety of its contents), and any other information related to the Customer's participation in the program (including but not limited to billing data) to the Arizona Corporation Commission, and any other third-parties utilized by Southwest Gas to administer the program, to verify or audit program records or system installation, operation and results, or to comply with state and/or federal law.
7. By signing the Rebate Application or Installation Notice, Customer acknowledges and agrees that Southwest Gas may recognize the Customer as a program participant in its promotional materials, and that the Customer may opt-out of such recognition by sending a written request to Southwest Gas at the address provided on page 1 of this Rebate Application. Except as noted in Section 6 of these Terms and Conditions, project details will not be released without the Customer's prior consent.
8. Customer has installed qualifying equipment and understands the energy efficiency level of the qualifying equipment determines the rebate amount (as defined in the Rebate Application). The rebate amount cannot exceed 50% of the equipment cost. Customer understands that Customer cannot receive a rebate for the same equipment from more than one utility.
9. If a tenant, Customer understands that Customer is responsible for obtaining the property owner's permission (as necessary) to install the qualifying equipment for which Customer is applying for a rebate. Customer's signature on this Rebate Application indicates Customer has obtained this permission.
10. Customer agrees that the selection of qualifying equipment, selection of manufacturer, dealer, supplier and/or installer, and purchase, installation and ownership/maintenance of the qualifying equipment referenced in this Rebate Application are Customer's sole responsibility, and that the manufacturer, dealer, supplier and/or installer of the qualifying equipment is not an employee or representative of Southwest Gas. Customer understands that Southwest Gas makes no representations regarding manufacturers, dealers, contractors, materials or workmanship. **CUSTOMER ALSO UNDERSTANDS THAT SOUTHWEST GAS MAKES NO WARRANTY, WHETHER EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR ANY PARTICULAR PURPOSE, USE, OR APPLICATION OF THE EQUIPMENT.** Customer understands and agrees that Southwest Gas will not be held liable on any claims involving (1) the quality, safety and/or installation of the equipment, including its fitness for any purpose, (2) the estimated energy savings of the equipment, (3) the workmanship of any third parties, (4) the installation or use of the equipment including, but not limited to, effects on indoor pollutants, or (5) any other matter with respect to the *Smarter Greener Better* Commercial Rebates program. Accordingly, Customer hereby waives any and all claims against Southwest Gas, its directors, officers, employees, and/or agents, arising out of activities conducted by or on behalf of Southwest Gas in connection with Customer's *Smarter Greener Better* Commercial Rebates Application. Without limiting the foregoing, Southwest Gas, its directors, officers, employees and/or agents shall not be liable hereunder for any type of damages, whether direct, indirect, incidental, consequential, exemplary, reliance, punitive or special damages, including damages for loss of use regardless of the form of action, whether in contract, indemnity, warranty, strict liability or tort, including negligence of any kind.
11. Customer understands that Customer is responsible for meeting all program requirements and complying with all applicable state/county/city governments, and/or property owner requirements (if any) regarding local conditions, restrictions, codes, ordinances, rules, and regulations concerning this installation.
12. Customer understands that **Southwest Gas is not responsible for items lost, destroyed or delayed in the mail/transit.**
13. Customer understands that Customer cannot receive rebates for the same equipment, or for the replacement of installed equipment from more than one utility. This program is funded by Southwest Gas' Arizona customers and administered by Southwest Gas, under the auspices of the Arizona Corporation Commission. Rebates are provided on a first-come, first-served basis until the conclusion of the program term, or until program funds are no longer available.
