Terms and Conditions

Read these Terms and Conditions, and then sign and date the Customer Information portion of the Rebate Application.

1. To be eligible for a rebate, Customer understands that: (a) Customer must be an Arizona customer on an approved rate schedule with an active meter serviced by Southwest Gas for the installation address and, (b) the product(s) installed must qualify as described on the Rebate Application and incorporated herein by this reference and must be designed to reduce the consumption of the energy distributed to Customer by Southwest Gas at the installation address. Resale products, warranty replacements, products leased, rebuilt, rented, received from insurance claims, won as a prize, or new parts installed in existing products do not qualify for a rebate. Customer must complete separate rebate applications for each installation address. All uses herein of the words "install", "installation" or similar phrases shall mean complete installation such that the subject products are fully functional.
2. Customer understands the rebate offer is limited to customers on an approved rate schedule. Only customers who are subject to the rates established by the Southwest Gas demand-side management surcharge adjuster mechanism will be eligible to participate. The energy-efficient product(s) must be installed in a building within Southwest Gas' Arizona service territories. The building must be fully constructed and occupied.
3. Customer understands the program starts on July 1, 2012 and that the program is subject to change without notice. New product purchases occurring prior to July 1, 2012 do not qualify for a rebate. **The program may be modified or terminated without prior notice.** In the event that rebate amounts change during the program period, the purchase date will be used to determine product eligibility and the application postmark date will be used to determine rebate amount.
4. Customer understands that this signed and dated Rebate Application and all appropriate proof(s)-of-purchase must be submitted to be considered eligible for payment of a rebate. The submission deadline date is subject to funding availability and may change without notice. A rebate check for qualifying product(s) is generally mailed 6 to 8 weeks after Southwest Gas receives and approves a completed Rebate Application including all required documentation unless a Rebate Application is selected for a verification, which may add additional time. An incomplete Rebate Application will not be processed.
5. Customer will allow, if requested, a Southwest Gas representative or Southwest Gas-authorized inspector reasonable access to the building to verify the installed product(s) Customer has purchased before a rebate is paid. Customer understands that a rebate will not be paid if Customer refuses to participate in any required verification. The verification of installation must be scheduled within 30 days of Customer contact by Southwest Gas. Customer understands that Southwest Gas may contact the qualifying product vendor and/or installer to verify purchase and/or installation and may provide Customer name and/or address to complete this verification.
6. Customer has installed qualifying product(s) and understands the energy efficiency level of the qualifying product(s) determines the rebate amount (as defined in the Rebate Application). The rebate amount cannot exceed 50% of the purchase price for equipment. Customer understands that Customer cannot receive a rebate for the same product or equipment from more than one utility.
7. If a tenant, Customer understands that Customer is responsible for obtaining the property owner's permission (as necessary) to install the qualifying product for which Customer is applying for a rebate. Customer's signature on this Rebate Application indicates Customer has obtained this permission.
8. Customer agrees that the selection of qualifying product(s), selection of manufacturer, dealer, supplier and/or installer, and purchase, installation and ownership/maintenance of the qualifying product(s) referenced in this Rebate Application are Customer's sole responsibility, and that the manufacturer, dealer, supplier and/or installer of the qualifying products is not an employee or representative of Southwest Gas. Customer understands that Southwest Gas makes no representations regarding manufacturers, dealers, contractors, materials or workmanship. Without limiting the foregoing, Southwest Gas, its directors, officers, employees and/or agents shall not be liable hereunder for any type of damages, whether direct, indirect, incidental, consequential, exemplary, reliance, punitive or special damages, including damages for loss of use regardless of the form of action, whether in contract, indemnity, warranty, strict liability or tort, including negligence of any kind.
