

2014 California Smarter Greener Better®

Residential Rebates Program

Saving money and the
environment can be
Greener Than You Think

Rebate Application Details

Please review the rebate application for additional requirements and full terms and conditions.

Rebates are available for purchases made on or after July 15, 2014 through December 31, 2014, or until program funds are no longer available, whichever comes first. Due to limited funding, please submit your rebate application as soon as possible after purchase and installation. Equipment must be installed before submitting a rebate application. Rebate applications will be processed on a first-come, first-served basis and must be postmarked or submitted online by January 31, 2015*, whichever comes first, to be eligible for rebate.

* Program participation dates are subject to funding availability and may change without notice. Program and submission deadline dates will be updated on www.swgasliving.com/efficiency/ca.

For details on program eligibility and requirements, please visit www.swgasliving.com/efficiency/ca or call **1-800-654-2765**.

SRA NV Res Brochure 08/2014

with ShowerStart™ Technology.
Requires natural gas water heating.

\$15

Save Money

Use high-efficiency natural gas appliances in your home and save money and energy. Energy-efficient appliances may cost more initially, but the long-term benefits really pay off. Over the lifetime of the appliance, monthly savings will more than offset your initial investment.

Save Energy and the Environment

Make a difference on the environment while lowering utility bills. High-efficiency appliances can reduce your energy usage by up to 30%. Replacing older equipment with energy-efficient models means more green for you and our planet.

Applying for Your Rebates is Fast and Easy!

Go to www.swgasliving.com/efficiency/ca
for more information, rebate applications, and to
determine equipment eligibility.
