

The future is **Greener Than You Think** with solar water heating.

Solar water heating systems can reduce your energy consumption, increase energy savings, and decrease your carbon footprint.

Our *Smarter Greener Better* Solar Water Heating Program helps you save energy and money on systems for residential, small business, school, public and non-profit properties.

Customers installing qualifying solar water heating systems in conjunction with a natural gas water heater may be eligible for rebates.

Visit www.solarwaterheatingrebate.com
or call **1-855-743-1603** for more information.

SOUTHWEST GAS

smarter > greener > better™

Benefits of Solar Water Heating Systems:

- Use the sun's energy to heat water
- Save up to 40% of natural gas used to heat water
- Reduce greenhouse gases
- Can be used in any climate

Source: ENERGY STAR®

Current Rebate Amounts:

- Residential: up to \$3,000
- Small Business: up to \$7,500
- Schools and Public Facilities: up to \$30,000

SOUTHWEST GAS
smarter > greener > better™
