

Quarterly Gas Cost Rate Adjustment—Southern Nevada Division

On December 1, 2011, Southwest Gas Corporation filed a Quarterly Gas Cost Rate Adjustment with the Public Utilities Commission of Nevada. On January 1, 2012, rates for Southern Nevada customers will increase by \$0.02497 per therm. The result of this filing is an increase in annual revenues of \$9,634,131 or 2.7%.

The transactions and recorded cost of natural gas which are the basis for the quarterly rate adjustment will be reviewed for reasonableness and prudence in the next annual rate adjustment proceeding.

Monthly bills that reflect usage both prior to and after the effective date of the rate adjustment will be billed the old rates for the usage prior to the effective date and the new rates for the usage after the effective date.

The table on the back of this notice shows the change in an average monthly bill for each rate schedule. The change to individual customer bills will vary depending on the amount of gas consumed.
