

Energy that's greener than you think

NEWS TO USE

April 2012

Whether you're new to natural gas or have been using it for years, it's always good to know the many reasons why natural gas is an efficient, abundant and clean form of energy.

- Natural gas emits 50% less carbon dioxide than coal and 30% less than oil, making it the cleanest of all fossil fuels.
- The carbon footprint of a natural gas home is about 43% lower than an electric home using the same appliances.
- Natural gas is readily available right here in America, with more than 100 years of known reserves.

Natural gas is clean-burning, nationally abundant and environmentally friendly. When you use natural gas, you're playing an important role in protecting the environment. Be greener than you think with natural gas!

Looking for energy saving tips?

- A water heater setting of 120°F is comfortable for most households.
- Preheating your natural gas oven isn't always necessary.
- Clean the lint filter in your dryer after each use.
- Use your natural gas barbecue in the summer to keep your kitchen cool.

SOUTHWEST GAS

National Volunteer Week

April 15-21, 2012

Join us in celebrating [National Volunteer Week](#) by taking the step to help others build a better and greener future for our communities. We are proud of our employee volunteers who feed the hungry, help build energy-efficient homes for senior citizens, and renovate parks and playgrounds for our children.

Because volunteering is an integral part of the Southwest Gas business philosophy, we'd like to take this opportunity to salute all of our employee volunteers who continually take an active role in shaping the best possible future for their communities.

Find out how you can volunteer in your community by visiting www.volunteermatch.org and take action to make a difference!

Live the Greener Lifestyle

Your life can be Greener Than You Think when you sign up for [Paperless Billing](#) through MyAccount. Go paperless today to save time, money and trees.

If 20% of American households viewed and paid bills online, the collective impact would save 150,939,615 pounds of paper each year.

Visit www.swgasliving.com/paperlessnews1 to sign up today!
