

Natural Gas is Greener Than You Think...

According to the American Gas Association, natural gas customers in the United States who participated in natural gas efficiency and low-income weatherization programs*:

- Saved an average of \$107 on their annual energy bill
- Reduced their annual natural gas usage on average by 13%
- Eliminated 6.5 million metric tons of carbon dioxide emissions

**American Gas Association Natural Gas Efficiency Programs Report: 2011 Program Year*
