

Your home can be Greener Than You Think...

The **Energy Savings Assistance Program** can help our income-qualified customers reduce their overall energy use and increase the energy efficiency of their home.

Whether you own or rent your home, the winter cold and summer heat can rob a home of its comfort, and increase energy costs. Weatherizing a home can make a big difference by reducing energy bills.

Eligible homes may receive energy-saving measures such as ceiling and floor insulation, door weather-stripping, energy-efficient showerheads, storm windows, and more, at no cost.

For more information, please call us at 1-877-860-6020 or visit www.swgasliving.com/esapbill to learn more.

California Energy Savings Assistance Program

Program Income Requirements

In order to participate in this program, a customer must meet income qualifications set forth by the California Public Utilities Commission. Eligibility is determined by the number of persons living in the household and total household annual income. Please visit www.swgasliving.com/esapbill to see if you qualify.

If you or someone you know is eligible for the **Energy Savings Assistance Program**, please call one of the numbers listed below:

Northern California (for example: South Lake Tahoe, Truckee)

- > Project Go Inc.
1-800-655-7705
Se habla español

Southern California (for example: Barstow, Victorville, Hesperia, Big Bear)

- > Community Action Partnership
of San Bernardino County
1-800-635-4618
Se habla español

Dial 711 for relay or hearing impaired services.
