

The great thing about saving energy and money is that one size fits all. Whether you live in a big house in the city or a cozy cabin built for two; when it comes to being energy wise, the following tips are the right size for everyone:

- Change your furnace filters regularly
- Set the water heater to “vacation” mode when away for more than a week
- Select pots and pans that fit your burners
- Lower the thermostat when you’re away from home
- Separate lightweight and heavy fabrics when doing laundry
- Preheat your oven only when necessary

Clear Skies Ahead

Did you know that natural gas fireplaces are the environmentally friendly alternative to wood-burning fireplaces?

That's right. Natural gas fireplaces eliminate up to 99% of the pollutants and particles emitted by a wood-burning fire, while still capturing its comfort and ambience.

Clear skies are waiting for you! Convert to a clean-burning natural gas fireplace today.

For a list of qualified contractors in your area or to learn more, visit www.swgasliving.com or call 1-800-654-2765.

Receive a text message service alert from Southwest Gas

In the rare instance that your natural gas service is interrupted due to a line break or inclement weather, Southwest Gas offers a text message program to advise you of such conditions. Sign up today at www.swgas.com through MyAccount.

Southwest Gas does not charge customers for this notification. Message and data rates may apply.

Southwest Gas Service Alert. There is currently a natural gas interruption in your area.
