- **Single-Family Residential Gas Service**
- **Multi-Family Residential Gas Service**
- **General Gas Service-1**
- **General Gas Service-2**
- **General Gas Service-3**

Effective July 1, 2014, Southwest Gas Corporation is adjusting rates to reflect changes as a result of the General Revenues Adjustment (GRA) provision. The GRA ensures that Southwest Gas only receives from its customers the revenues authorized by the Public Utilities Commission of Nevada. If Southwest Gas over-collects or under-collects authorized revenue, it returns or recovers the over- or under-collected amount through the GRA rate adjustment. The result of the July 1 GRA rate change is an increase in revenues of approximately \$3.79 million.
