**MONTHLY INFORMATION FILINGS**

Each month the Utility shall make a cost of gas informational filing with Commission Staff to include any and all information required by the Commission. Additionally, the Utility shall file revised tariff sheets that include the current month's MGC rate.

**ADDITIONAL REQUIREMENTS**

A special review is required if the Gas Cost Balancing Account (GCBA) reaches \$28 million. The Utility must file an application for a Gas Cost Balancing Account adjustment within forty-five (45) days of completing the Monthly Informational Filing that illustrates the threshold has been exceeded or contact the Commission to discuss why an adjustment is not necessary at this time. The Commission, upon review, may authorize the balance to be amortized through a predetermined rate included as part of the MGC for a specified period. Lost and unaccounted for gas recovery is limited to the lesser of the actual costs incurred or one percent (1%) of total annual purchases.
