**Important Information
About Your Gas Bill!**

ARIZONA DIVISION

On November 12, 2010, Southwest Gas Corporation (“SWG”) filed an application with the Arizona Corporation Commission (“ACC”) for a rate increase of approximately \$73.3 million, or a 9.26 percent increase over current revenues (*Docket No. G-01551A-10-0458*). After careful consideration of all the evidence, the ACC authorized an overall increase of approximately \$52.6 million or 6.66 percent, which will mean an average residential bill increase of approximately \$3.33 per month for customers on the G-5 rate schedule and \$0.74 per month on average for low-income customers on the G-10 rate schedule.

The ACC also authorized a decoupled rate design, which modernizes Southwest Gas’ rate structure to allow the company to work with our customers to achieve energy efficiency savings and still recover the cost of operating the gas system. To get the facts on rate changes and decoupling, please visit us at www.swgas.com/azdecoupling or for additional information contact Southwest Gas at 1-800-654-2765.

The revised rates shown below are effective for service on and after January 1, 2012.
