

RULE NO. 15

TEMPORARY SERVICE

A. ESTABLISHMENT OF TEMPORARY SERVICE

The Company may furnish temporary service under the following conditions if no undue hardship or shortage of gas supply to its existing customers will result therefrom:

1. The applicant will be required to pay to the Company, in advance, the net estimated cost of installing and removing the facilities necessary for furnishing the desired service.
2. Where the duration of service is to be less than one (1) month, the applicant will also be required to advance a sum of money equal to the estimated total bill for the service. If this advance exceeds the actual bill when known, the excess will be returned to the applicant; if it is less than the actual bill, a bill for the deficit will be presented for payment.
3. Where the duration of service is to exceed one (1) month, the applicant will also be required to establish credit in the manner prescribed in Rule No. 12.

B. CHANGE TO PERMANENT STATUS

If a customer has operated for thirty-six (36) consecutive months the equipment for which service was originally established on a temporary basis and customer's operations at the end of that time have proven their permanency to the satisfaction of the Company, the payment made pursuant to Section A.1. herein will be adjusted to the terms of the mains and/or service extension rules applicable to permanent service.
