

SCHEDULE NO. SG-L/NG-L

STREET AND OUTDOOR LIGHTING GAS SERVICE

APPLICABILITY

Applicable to gas service for continuous street or outdoor lighting in lighting devices approved by the Company. Service under this schedule is conditional upon arrangements mutually satisfactory to the customer and the Company for connection of customer's lighting devices to Company's facilities.

This schedule is closed to applications for new service connection to the Company's distribution system or for service reconnection where the lighting device has previously been physically disconnected from the Company's distribution system.

TERRITORY

Throughout the Company's certificated Nevada Service Areas, except as may hereafter be provided.

RATES

The charge per month is the product of the therms per month per mantle and the commodity charge as set forth in the currently effective Statement of Rates of this Nevada Gas Tariff.

LATE CHARGE

The monthly bill is due and payable as of the date of presentation. Included in the bill will be a late charge of five percent on the first \$200 of the monthly bill, plus two percent of any balance above \$200, which will be imposed if payment is not received by the next month's billing.

SCHEDULE NO. SG-L/NG-L

STREET AND OUTDOOR LIGHTING GAS SERVICE
(Continued)

SPECIAL CONDITIONS

1. At its sole option, the Company may reduce the maximum rated capacity to reflect use of automatic dimmer devices or adjustment of the lamps to operate at less than the maximum rated capacity.
2. All piping upstream of the customer's meter for connection of lighting devices to the Company's facilities must be installed by the Company and shall be owned, operated and maintained by the Company.
3. Discontinuance of street and outdoor lighting gas service: Upon receipt of a request for a discontinuance of service to street or outdoor lighting devices, the Company shall discontinue service to the customer's lighting device(s) pursuant to Rule No. 6A of this Nevada Gas Tariff. The Company will reinitiate service to the lighting device(s) if requested by subsequent application. If the customer wishes to convert to an alternate lighting source such as solar, low voltage or 110v electric, the customer must provide advance notice to the Company. At the request of the customer, the Company will provide a document of conveyance of title and ownership of the concrete support base assembly and associated appurtenances, excluding the valve and riser. Such facilities shall be conveyed in the as-is, where-is condition, with all faults and free of any express or implied warranties. The Company shall not be liable for any claims arising from or connected with such facilities.
4. Permanent disconnection of street and outdoor lighting gas service: At the request of the customer and payment of the charge as set forth in the Statement of Rates Other Service Charges in this Nevada Gas Tariff, the Company shall permanently disconnect the lighting device from the Company's distribution system and abandon such facilities in place. The following conditions will apply:
 - a. The customer is responsible for any applicable permits;

STREET AND OUTDOOR LIGHTING GAS SERVICE

(Continued)

SPECIAL CONDITIONS *(Continued)*

- b. The customer must comply with all applicable regulations including, but not limited to, requesting all operators of subsurface installations to locate and mark their subsurface installations that are installed in the vicinity of each excavation;
- c. The customer must excavate the gas line connecting the lighting device to the Company distribution system with hand tools at the point specified by the Company;
- d. The customer is responsible for ensuring that all appropriate safety measures are employed when the excavation is unattended;
- e. The Company will cut and cap the gas line and install sand or other non-injurious embedment in the excavation to cover the gas line;
- f. The customer is responsible for backfilling and compacting the excavation area after the gas line has been cut and capped;
- g. The customer is responsible for any landscape restoration, concrete or asphalt repairs and removal of excess material; and
- h. Title and ownership of the Company's facilities abandoned in place will be conveyed to the customer upon the permanent physical disconnection of the lighting device from the Company's distribution system. All such facilities are conveyed in the as-is, where-is condition, with all faults and free of any express or implied warranties. The Company shall not be liable for any claims arising from or connected with such facilities. After a lighting device has been permanently disconnected from the distribution system, it cannot be reconnected at a later date.

SCHEDULE NO. SG-L/NG-L

STREET AND OUTDOOR LIGHTING GAS SERVICE
(Continued)

SPECIAL CONDITIONS *(Continued)*

5. Customer requested relocation, removal or abandonment of street and outdoor lighting facilities: The Company will, at the customer's request, relocate, remove or abandon in place gas lighting devices and related facilities. Such relocation, removal or abandonment shall be performed by the Company at the expense of the customer. The Company will furnish a written estimate to the customer for all work to be completed and the customer shall pay the full amount of the estimate to the Company before the work is started. At the conclusion of the relocation, removal or abandonment, the Company shall refund any overestimated amount, or bill the customer for any underestimated amount.

BASE TARIFF ENERGY RATE (BTER) AND DEFERRED ENERGY ACCOUNT ADJUSTMENT (DEAA)

The rates specified for this schedule are subject to increases or decreases in the cost of purchased gas in accordance with those provisions set forth in Chapter 704 of the NAC.

GENERAL TERMS AND CONDITIONS

Except as qualified in this schedule, all of the General Terms and Conditions are applicable to this schedule and are hereby made a part hereof.
