

RULE NO. 18

SUPPLY TO SEPARATE PREMISES AND RESALE

A. MULTI-UNIT RESIDENTIAL STRUCTURES

The Company will not provide the installation of a master metering facility to a customer's premises for any new multi-unit residential structures, except that separate metering for gas service is not required for residential units which are not equipped with gas appliances requiring venting.

B. MOBILE HOME PARKS AND MANUFACTURED HOUSING COMMUNITIES

1. Each space in mobile home parks or manufactured housing communities constructed on or after January 1, 1997 shall be individually metered by the Company, and the tenant(s) shall be a customer(s) of the Company, consistent with the terms and conditions of this California Gas Tariff.
2. For mobile home park and manufactured housing community spaces constructed prior to January 1, 1997, the Company may continue to provide for master metering to a customer's premises where such tenants use gas directly in gas appliances in each occupancy only when separate submetering facilities are installed for each space.

C. RESALE OF GAS

No customer shall resell any of the gas received by him from the Company to any other person, or for any other purpose, or on other premises than specified in his application for service; however, owners or lessees of apartment houses or other similar buildings may resell gas to tenants of such houses or buildings, provided either:

1. Such service is resold at rates identical with the rates of the Company that would apply in the event that service was supplied to the sub-customer directly by the Company; or
2. The charge to the sub-customer for such service is absorbed in the rental charge for the premises occupied by him. In the event that such service is resold, otherwise than as herein provided, the Company shall have the right at its option either to discontinue service to the customer or to furnish gas directly to the sub-customer.
