

## Our Philosophy

Southwest Gas supports strategic programs and partnerships that help make our communities better, stronger and more vibrant places in which to live work and do business.

Corporate responsibility is an essential element of Southwest Gas's philosophy. This philosophy is fulfilled through involvement in a number of initiatives.

Our charitable contributions program supports nonprofit organizations that contribute to educational, civic, cultural, health and human service needs. This basic principle has placed Southwest Gas in a leadership position as a prominent gas distribution company and a quality corporate citizen.

## What the experts say about Volunteerism...

"We are prone to judge success by the index of our salaries or the size of our automobiles, rather than by the quality of our service relationship to humanity."

- Dr. Martin Luther King, Jr.

"It is one of the most beautiful compensations of life, that no man can sincerely try to help another without helping himself."

- Ralph Waldo Emerson

"I shall pass through this world but once. Any good thing therefore that I can do, or any kindness that I can show to any human being, let me do it now. Let me not defer it or neglect it, for I shall not pass this way again."

- Etienne de Grellet
