

## 2014 NEVADA SMARTER GREENER BETTER<sup>®</sup> COMMERCIAL REBATES PROGRAM REBATE APPLICATION

### How to Apply

This rebate application is for commercial customers, not including multi-family. If you are a builder or seek a rebate for a multi-family property you will need to fill out the Builder and Multi-Family Rebate Application. For a list of available rebates and a copy of the applicable rebate application please visit [www.swgasliving.com/NVbuilderMF](http://www.swgasliving.com/NVbuilderMF).

1. Read the Terms and Conditions included with this Rebate Application.
2. **Rebates are available for qualifying products purchases made January 1, 2014 through December 31, 2014 or until program funds are no longer available, whichever comes first.** Refer to the Rebate Application for qualifying equipment information. Qualifying equipment must be installed **before** applying for a rebate.
3. Read, complete, and sign the Rebate Application. Submit the completed Rebate Application along with proof-of-purchase (see **Proof-of-Purchase Requirements** below) to:

Mail: Rebate Processing Center  
Southwest Gas Energy Efficiency Programs  
2223 S. Highland Drive, #E6-333  
Salt Lake City, UT 84106

E-mail: [rebates@swgas.com](mailto:rebates@swgas.com)

Fax: 1-866-308-8956

Online: [www.swgasliving.com/efficiency/nv](http://www.swgasliving.com/efficiency/nv)

If applying online, do not submit this Rebate Application by mail, fax, or e-mail. Instead, mail, fax, or e-mail a copy of the proof-of-purchase (see Proof-of-Purchase requirements below), and the online confirmation page to the mailing address, fax number, or e-mail address listed above. **Do not include the Rebate Application or proof-of-purchase with your utility bill payment.** Completed Rebate Applications, including all required documentation, must be postmarked or submitted online by January 31, 2015\* to be eligible for a rebate. Incomplete Rebate Applications will not be processed.

*\* Program participation dates are subject to funding availability and may change without notice. Modifications to program and submission deadline dates will be updated on the Southwest Gas website ([swgasliving.com/efficiency/nv](http://swgasliving.com/efficiency/nv)).*

4. Keep a copy of your completed Rebate Application package (including receipts or invoices used for proof-of-purchase) for your records. Southwest Gas reserves the right to verify energy-efficient equipment, customer eligibility, and equipment installation prior to paying any rebate.
5. Applicant may not receive rebates for the same product or equipment under different Southwest Gas energy efficiency programs.

### Proof-of-Purchase Requirements

1. Read the Equipment Information included in this Rebate Application to make sure the equipment you purchase and install meet all program requirements.
2. All equipment **must be installed at a property with an active Southwest Gas commercial meter** prior to submitting the completed and signed Rebate Application and proof-of-purchase.
3. You **MUST** submit a receipt or invoice as proof-of-purchase. **Altered receipts will not be accepted unless signed by the store manager or installation contractor.** The receipt or invoice must include:
  - Retailer and/or contractor name, address, and phone number.
  - The equipment purchase date. This date must be between January 1, 2014 and December 31, 2014.
  - Itemized listing of equipment, including all information needed to meet the rebate criteria. Refer to the Equipment Information portion of this Rebate Application and obtain any missing information from your retailer such as model number, SKU/UPC number, serial number, etc.
  - Itemized equipment cost, payment terms (or "paid-in-full" notation), and date paid.

## Terms and Conditions

Read these Terms and Conditions, and then sign and date the Applicant Information portion of the Rebate Application.

1. To be eligible for a rebate, Applicant understands that: (a) rebates are available only for Nevada commercial customers on a commercial rate with an active meter serviced by Southwest Gas for the installation address and, (b) the equipment installed must qualify as described on the Rebate Application, which is incorporated herein by this reference, and must be designed to reduce the consumption of the energy distributed to Customer by Southwest Gas at the installation address. Resale equipment, warranty replacements, equipment leased, rebuilt, rented, received from insurance claims, or won as a prize, do not qualify for a rebate. Applicant must complete separate rebate applications for each installation address. All uses herein of the words "install", "installation" or similar phrases shall mean complete installation such that the subject equipment is fully functional and in operation. Customers on a negotiated rate are not eligible for rebates.
2. Applicant understands the program term is January 1, 2014 through December 31, 2014, and that the program term is subject to change without notice. New equipment purchases occurring outside of the program term do not qualify for a rebate offered during the program term. **The program may be modified or terminated without prior notice.** In the event that rebate amounts change during the program period, the purchase date will be used to determine equipment eligibility and rebate amount.
3. Applicant understands that this signed and dated Rebate Application and all appropriate proof(s) of purchase must be postmarked or submitted online by January 31, 2015 to be considered eligible for payment of a rebate. The submission deadline date is subject to funding availability and may change without notice. A rebate check for qualifying equipment is generally mailed 8 to 10 weeks after Southwest Gas receives and approves a completed Rebate Application including all required documentation unless a Rebate Application is selected for a verification, which may add additional time. An incomplete Rebate Application will not be processed.
4. Applicant will allow, if requested, a Southwest Gas representative or a Southwest Gas-authorized inspector reasonable access to the installation address to verify the installed equipment Applicant has purchased before a rebate is paid. Applicant understands that a rebate will not be paid if Applicant refuses to participate in any required verification. The verification of installation must be scheduled within 30 days of Applicant contact by Southwest Gas. Applicant understands that Southwest Gas may contact the qualifying equipment vendor and/or installer to verify purchase and/or installation and may provide Applicant name and/or address to complete this verification.
5. By signing the Rebate Application Applicant acknowledges and agrees that Southwest Gas may duplicate, disseminate, release and disclose information relating to this Rebate Application (including the entirety of its contents), and any other information related to Applicant's participation in the program (including but not limited to billing data) to the Public Utilities Commission of Nevada, and any third-parties utilized by Southwest Gas to administer the program, to verify or audit program records or system installation, operation and results, or as required to comply with state and/or federal law.
6. Applicant has installed qualifying equipment and understands the energy efficiency level of the qualifying equipment determines the rebate amount (as defined in the Rebate Application). The rebate amount cannot exceed 50 percent of the equipment cost. Custom rebates are limited to \$20,000 per project, and energy audit rebates are limited to \$50,000 per customer.
7. If a tenant, Applicant understands that Applicant is responsible for obtaining the property owner's permission (as necessary) to install the qualifying equipment for which Applicant is applying for a rebate. Applicant's signature on this Rebate Application indicates Applicant has obtained this permission.
8. Applicant agrees that the selection of qualifying equipment, selection of manufacturer, dealer, supplier and/or installer, and purchase, installation and ownership/maintenance of the qualifying equipment referenced in this Rebate Application are Applicant's sole responsibility, and that the manufacturer, dealer, supplier and/or installer of the qualifying equipment is not an employee or representative of Southwest Gas. Applicant understands that Southwest Gas makes no representations regarding manufacturers, dealers, contractors, materials or workmanship. **APPLICANT ALSO UNDERSTANDS THAT SOUTHWEST GAS MAKES NO WARRANTY, WHETHER EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR ANY PARTICULAR PURPOSE, USE, OR APPLICATION OF THE EQUIPMENT.** Applicant understands and agrees that Southwest Gas will not be held liable for, and Applicant agrees to indemnify, defend and hold harmless Southwest Gas, its directors, officers, employees and/or agents from and against any claims involving (1) the quality, safety and/or installation of the equipment, including its fitness for any purpose, (2) the estimated energy savings of the equipment, (3) the workmanship of any third parties, (4) the installation or use of the equipment including, but not limited to, effects on indoor pollutants, or (5) any other matter with respect to the 2014 Nevada *Smarter Greener Better* Commercial Rebates Program. Accordingly, Applicant hereby waives any and all claims against Southwest Gas, its directors, officers, employees, and/or agents, arising out of activities conducted by or on behalf of Southwest Gas in connection with this 2014 Nevada *Smarter Greener Better* Commercial Rebate Application. Without limiting the foregoing, Southwest Gas, its directors, officers, employees and/or agents shall not be liable hereunder for any type of damages, whether direct, indirect, incidental, consequential, exemplary, reliance, punitive or special damages, including damages for loss of use regardless of the form of action, whether in contract, indemnity, warranty, strict liability or tort, including negligence of any kind.
9. Applicant understands that Applicant is responsible for meeting all program requirements and complying with all applicable laws, rules, regulations, codes, ordinances, covenants, conditions, requirements, and/or restrictions imposed by state/county/city governments, and/or property owner(s) requirements (if any) concerning this installation. City and county jurisdictions require a permit for the installation of any water heater in a commercial building. The permit can only be obtained by a licensed contractor who is qualified to perform the installation. Failure to obtain and maintain necessary licenses and permits constitutes a material breach of Applicant's obligations.
10. Applicant understands that **Southwest Gas is not responsible for rebate applications, rebate application documents, rebate check, and any materials related to the rebate application and process that are lost, destroyed or delayed in the mail/transit.**
11. Applicant understands that Applicant cannot receive rebates for the same equipment, or for the replacement of installed equipment, under different Southwest Gas energy efficiency programs, or from more than one utility. This program is funded by Southwest Gas' Nevada customers and administered by Southwest Gas or its authorized agents, under the auspices of the Public Utilities Commission of Nevada. Rebates are provided on a first-come, first-served basis until the conclusion of the program term, or until program funds are no longer available.
12. Applicant understands that submission of this Rebate Application, even if correct and complete, does not guarantee that Applicant will receive a rebate.
