### **Please Read!!! Important Information About Your Gas Bill! ARIZONA DIVISION**

On August 31, 2007, Southwest Gas Corporation ("SWG") filed an application with the Arizona Corporation Commission ("ACC") for a rate increase of approximately \$50.2 million, or a 4.81 percent increase over current revenues. After careful consideration of all the evidence, the ACC authorized an overall increase of approximately \$33.5 million or 3.28 percent. For residential customers in the G-5 rate class with an average summer monthly usage of 16 therms, this would result in an overall monthly increase of \$1.50, from \$32.45 to \$33.95. This same class of customers, with an average winter usage of 56 therms per month, would see an overall monthly increase of \$3.47, from \$88.60 to \$92.07. The revised rates shown below are effective for service on and after January 1, 2009. December rates are slightly greater due to higher gas costs in that month.
