### Southwest Gas Corporation

Effective November 1, 2009, natural gas rates for Southwest Gas Corporation (Southwest) Southern Nevada customers were decreased by approximately \$7.8 million, or 1.7 percent, as a result of the Public Utilities Commission of Nevada orders in Docket No. 09-04003, Southwest's general rate case; Docket No. 09-06016, Southwest's Variable Interest Expense Recovery; Docket No. 09-05001, Southwest's Deferred Energy Account Adjustment; and Advice No. 455, Southwest's Base Tariff Energy Rate.

The new sales rates are listed below for each customer class. Customer bills, which contain usage before and after November 1, are subject to proration as a result of the rate change.
