

Clean and Fresh—For Less

Did you know that water heaters are the second biggest energy users in a typical home, after heating and cooling systems?

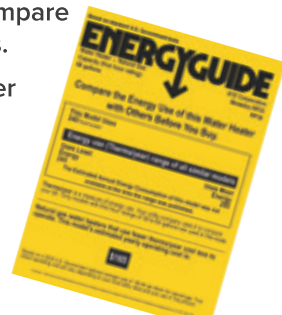

Natural gas water heaters often cost less to operate than all-electric water heaters. They also heat twice as much water for the same cost as electric water heaters. Natural gas is the best energy source for every day hot water needs, like washing dishes and doing laundry.

SHOPPING FOR A WATER HEATER?

When shopping for a natural gas water heater, the best buy isn't always the least expensive. In addition to the purchase price, consider the costs of repairs and maintenance, and monthly operating costs. Make an informed decision by also consulting the yellow Energy Guide label to compare the energy use of different models.

BEFORE YOU DIG, CALL

UNDERGROUND PIPELINES CAN BE LOCATED ANYWHERE.

If you suspect a natural gas leak,
from a safe place call **911** and
1.877.860.6020 immediately.

ANYTIME. ANYWHERE.

GET NATURAL GAS
SAFETY INFORMATION AT
WWW.SWGAS.COM/SAFETY

GET TEXT UPDATES

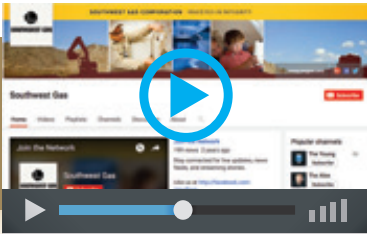

In the rare instance that your natural gas service is interrupted, Southwest Gas can send you a text message to keep you informed. Opt in at www.swgas.com through MyAccount or call Customer Assistance at **1-877-860-6020**.

Our notification service is free. Message and data rates may apply.

April is Safe Digging Month

Did you know that you should call 811 before starting any digging project to get utility-owned lines marked for free? **811** isn't just for excavators. It's for homeowners, too. Natural gas lines and other utilities can be buried anywhere. That's why every digging project requires a call to 811 at least two working days in advance, even for small projects like planting trees or shrubs. **It's easy and it's free.**
