MAKE LAUNDRY DAY LEGENDARY

When it comes to quality, value and protecting your family's clothing, natural gas has it all sorted out! Natural gas dryers are durable, economical and energy efficient, and can freshen all your washables quickly with less wrinkling, static cling and shrinkage. Some models can even measure the heat and moisture levels throughout the drying cycle and shut off automatically when done.

Laundry Day Tips:

- Read garment and fabric care labels for proper settings
- Save on drying time by drying similar fabrics together
- Clean the lint filter after each use
- Dry full, but not oversized loads
- Don't open the dryer door unnecessarily

Not sure if your home has a gas line for a dryer? The Southwest Gas Energy Specialists can help you with the next step. Call 800-654-2765.

We know our product stinks. But do you know what it smells like?

Some say rotten eggs, others say it's a sulfur-like smell.

Whatever you call it, if you smell something, say something!

*Leave the area immediately and call **911** and **877-860-6020**.*

GET TEXT UPDATES

In the rare instance that your natural gas service is interrupted, Southwest Gas can send you a text message to keep you informed. Opt in at [swgas.com](https://www.swgas.com) through MyAccount or call Customer Assistance at **877-860-6020**.

Our notification service is free. Message and data rates may apply.

PAYMENT ASSISTANCE

Residential customers who meet certain income guidelines may qualify for utility assistance through state programs.

Additionally, residential customers may qualify for **Energy Share**, an emergency fund that provides direct utility assistance to qualified customers with unexpected financial difficulties. For more information call **877-860-6020**.

YOU'VE ALREADY GOT YOUR HANDS FULL...
