DISCOVER HIDDEN SAVINGS!

Your home may be hiding energy savings in places you didn't even know! Explore our Energy Savings Portal at swg.opower.com to find out how natural gas is being used in your home.

GET READY FOR HEATING SEASON

Natural gas space heating keeps you warm and comfortable — and a properly maintained heating system provides many years of reliable and efficient operation.

Prepare for heating season by having your furnace serviced by a licensed contractor.

Visit swgas.com/rebates to find out about a seasonal home heating inspection offer, available in most areas.

WARM UP TO SAVINGS THIS WINTER

- Lower your thermostat, lower your heating bill — save 10% per year by reducing temps by 7-10 degrees for eight hours/day*, health permitting.
- Change air filters regularly (at least every one-to-three months).
- Dress for the weather, even when you're inside.

BE AWARE, TAKE CARE

Our employees and contractors:

- Always carry proper identification.
- Identify themselves and state the purpose of their visit.
- Drive vehicles marked with Southwest Gas or "Contractor for Southwest Gas" logos.

Feel free to call us anytime at 877-860-6020 to verify an employee's identity and reason for their visit. Learn more at swgas.com/id-employee.
