

SOUTHWEST GAS CORPORATION

January 1, 2021

TO ALL HOLDERS OF
SOUTHWEST GAS CORPORATION
ARIZONA GAS TARIFF NO. 7

Subject: Revision No. 363

This revision reflects authorization by the Arizona Corporation Commission in accordance with Decision No. 77850, dated December 17, 2020, in Docket No. G-01551A-19-0055, Southwest Gas 2019 General Rate Case. The attached tariff sheets reflect the rate changes effective January 1, 2021:

1. The Arizona monthly gas cost rates which utilizes the 12-month average gas cost for the period ended November 30, 2020.
2. The Gas Cost Balancing Account (GCBA) Surcharge. The Commission provided Southwest Gas authorization to adjust its GCBA Surcharge in its monthly gas cost rate adjustment.

The following changes should be made in your copy of Southwest Gas' Arizona Gas Tariff No. 7:

1/ All charges are subject to adjustment for any applicable taxes or governmental impositions.

2/ Customers taking transportation service will pay the Basic Service Charge, the Commodity Charge per Therm less the Monthly Gas Cost, and Demand Charge, if applicable, of the Currently Effective Tariff Rate for each meter included in the transportation service agreement, plus an amount of \$0.00120 per therm for distribution shrinkage as defined in Rule No. 1 of this Arizona Gas Tariff. The shrinkage charge shall be updated annually effective May 1. For customers converting from sales service, an additional amount equal to the currently effective Gas Cost Balancing Account Adjustment will be assessed for a period of 12 months.

4/ The total monthly demand charge is equal to the unit rate shown multiplied by the customer's billing determinant.

5/ The charges for Schedule No. G-55 are subject to adjustment for applicable state and federal taxes on fuel used in motor vehicles.

6/ The gas cost for this rate schedule shall be updated seasonally, April 1 and October 1 of each year.

Schedule No. G-10

SINGLE-FAMILY LOW INCOME RESIDENTIAL GAS SERVICE
(Continued)

SPECIAL CONDITIONS (Continued)

2. Eligible customers shall be billed under this schedule with the next regularly scheduled billing period after the Utility has received the customer's properly completed application form or recertification.
3. Eligibility information provided by the customer on the application form may be subject to verification by the Utility. Refusal or failure of a customer to provide current documentation of eligibility acceptable to the Utility, upon request of the Utility, shall result in removal from or ineligibility for this schedule.
4. Customers who wrongfully declare eligibility or fail to notify the Utility when they no longer meet the eligibility requirements may be rebilled for the period of ineligibility under their otherwise applicable residential schedule.
5. It is the responsibility of the customer to notify the Utility within 30 days of any changes in the customer's eligibility status.
6. All monetary discounts will be tracked through a balancing account established by the Utility and recovered through the Utility's Low Income Ratepayer Assistance (LIRA) Rate Adjustment Provision.
7. The charges specified for this schedule are subject to adjustment for the applicable proportionate part of any taxes or governmental impositions which are assessed on the basis of the gross revenues of the Utility.

PURCHASED GAS ADJUSTMENT CLAUSE

The rates specified for this schedule are subject to increases or decreases in the cost of gas purchased in accordance with those provisions set forth in the "Special Supplementary Tariff, Purchased Gas Cost Adjustment Provision," contained in this Arizona Gas Tariff.

RULES AND REGULATIONS

The standard Rules and Regulations of the Utility as authorized by the Commission shall apply where consistent with this schedule.

Schedule No. G-11

MULTI-FAMILY LOW INCOME RESIDENTIAL GAS SERVICE
(Continued)

SPECIAL CONDITIONS (Continued)

2. Eligible customers shall be billed under this schedule with the next regularly scheduled billing period after the Utility has received the customer's properly completed application form or recertification.
3. Eligibility information provided by the customer on the application form may be subject to verification by the Utility. Refusal or failure of a customer to provide current documentation of eligibility acceptable to the Utility, upon request of the Utility, shall result in removal from or ineligibility for this schedule.
4. Customers who wrongfully declare eligibility or fail to notify the Utility when they no longer meet the eligibility requirements may be rebilled for the period of ineligibility under their otherwise applicable residential schedule.
5. It is the responsibility of the customer to notify the Utility within 30 days of any changes in the customer's eligibility status.
6. All monetary discounts will be tracked through a balancing account established by the Utility and recovered through the Utility's Low Income Ratepayer Assistance (LIRA) Rate Adjustment Provision.
7. The charges specified for this schedule are subject to adjustment for the applicable proportionate part of any taxes or governmental impositions which are assessed on the basis of the gross revenues of the Utility.

PURCHASED GAS ADJUSTMENT CLAUSE

The rates specified for this schedule are subject to increases or decreases in the cost of gas purchased in accordance with those provisions set forth in the "Special Supplementary Tariff, Purchased Gas Cost Adjustment Provision," contained in this Arizona Gas Tariff.

RULES AND REGULATIONS

The standard Rules and Regulations of the Utility as authorized by the Commission shall apply where consistent with this schedule.

Schedule No. G-80

NATURAL GAS ENGINE WATER PUMPING GAS SERVICE

APPLICABILITY

Applicable to gas service to all customers using gas for fuel in internal combustion engines for pumping water for agricultural, domestic, and municipal purposes.

TERRITORY

Throughout the certificated area served by the Utility in the communities as set forth on A.C.C. Sheet No. 8 of this Arizona Gas Tariff.

RATES

The basic service charge and commodity charge are set forth in the currently effective Statement of Rates of this Arizona Gas Tariff and are incorporated herein by reference.

MINIMUM CHARGE

The minimum charge per meter per month is the basic service charge.

SPECIAL CONDITIONS

1. All gas shall be supplied at a single point of delivery and measured through one meter. No other equipment may be supplied through this meter.
2. The charges specified for this schedule are subject to adjustment for the applicable proportionate part of any taxes or governmental impositions which are assessed on the basis of the gross revenues of the Utility.

SPECIAL SUPPLEMENTARY TARIFF
PURCHASED GAS COST ADJUSTMENT PROVISION

APPLICABILITY

This Purchased Gas Cost Adjustment Provision shall apply to all schedules except for Rate Schedule Nos. G-30, G-80, T-1, and SB-1 of this Arizona Gas Tariff.

CHANGE IN RATES

The Monthly Gas Cost (MGC) rate for schedules covered by this provision includes the sum of the rolling twelve-month average purchased gas (PGA) rate plus the Gas Cost Balancing Account Adjustment, if applicable. Monthly adjustments will be made to the MGC to reflect the most currently available PGA rate. In accordance with Decision No. 70665, the PGA rate included in the MGC rate cannot be more than \$.15 per therm different than any PGA rate in effect during the preceding 12 months.

BANK BALANCE

The Utility shall establish and maintain a Gas Cost Balancing Account, if necessary, for the schedules subject to this provision. Entries shall be made to this account each month, if appropriate, as follows:

1. A debit or credit entry equal to the difference between (a) the actual purchased gas cost for the month and (b) an amount determined by multiplying the Monthly Gas Cost Rate as set forth on Sheet Nos. 11 and 12 of this Arizona Gas Tariff by the therms billed during the month under the applicable schedules of this Arizona Gas Tariff.
2. A debit or credit entry for refunds or payments authorized by the Commission.
3. A debit or credit entry for interest to be applied to over- and under-collected bank balances based on the monthly one-year nominal Treasury constant maturities rate.

SPECIAL SUPPLEMENTARY TARIFF

RENEWABLE NATURAL GAS PROGRAM ENVIRONMENTAL ATTRIBUTE PROVISION

ENVIRONMENTAL ATTRIBUTES

The Utility's sale or other monetization of any Environmental Attributes associated with the Renewable Natural Gas Program (RNG Program) will be permitted pursuant to the terms of the RNG Program. All funds received by the Utility from the sale or other monetization of any Environmental Attributes associated with the RNG Program shall be credited to Account No. 191, Unrecovered Purchased Gas Costs.

SPECIAL SUPPLEMENTARY TARIFF
LOW INCOME RATEPAYER ASSISTANCE (LIRA) RATE ADJUSTMENT PROVISION

APPLICABILITY

Applicable to all gas delivered by the Utility to all customers served under Rate Schedule Nos. G-5, G-6 and G-20.

RATES

The unit LIRA rate adjustment is set forth in the currently effective Statement of Rates, Footnote 3, of Sheet No. 14 of this Arizona Gas Tariff and is incorporated herein by reference.

CHANGES IN RATES

Rates applicable to each schedule of this Arizona Gas Tariff subject to this provision shall be adjusted for changes in the LIRA Balancing Account's balance in accordance with the rate adjustment provisions hereof such that the Utility will be reimbursed for all LIRA discounts, plus interest and administrative expenses.

ADJUSTMENT DATE

The LIRA rate adjustment shall be updated annually effective May 1.

RATE ADJUSTMENT PROVISIONS

Calculation of the LIRA rate adjustment shall include:

1. The LIRA program benefits provided during the prior Winter Season.
2. Incremental administrative and general expenses associated with the LIRA program.
3. The amounts accumulated in the LIRA Balancing Account as described below at the end of the latest available recorded month prior to the applicable Adjustment Date.
4. The sum of paragraphs (1), (2), and (3) above divided by the most recent 12 month's applicable sales volumes shall be the LIRA rate adjustment amount.

**SPECIAL SUPPLEMENTARY TARIFF
DELIVERY CHARGE ADJUSTMENT**

APPLICABILITY

The Delivery Charge Adjustment (DCA) applies to residential Rate Schedule Nos. G-5, G-6, G-10 and G-11 and to General Service Schedule Nos. G-25(Small), G-25(Medium), G-25(Large-1) and G-25(Large-2) included in this Arizona Gas Tariff. The DCA specifies the accounting procedures and rate setting adjustments necessary to assure the Utility neither over-recovers, nor under-recovers, the margin-per-customer amounts authorized in its most recent general rate case proceeding.

CHANGE IN RATES

Annually, the DCA surcharge will adjust to recover or refund any differences between the Utility's billed margin and the margin amounts authorized in its most recent general rate case proceeding. The process is set forth below.

1) **BALANCING ACCOUNT**

The Utility shall maintain accounting records that accumulate the difference between authorized and actual billed margin. Entries shall be recorded to the DCA Balancing Account (DCABA) each month as follows:

- A. A debit or credit entry equal to the difference between authorized margin and actual billed margin for each rate schedule subject to this provision. Authorized margin is the product of the monthly margin-per-customer authorized in the Utility's last general rate case, as stated below, and the actual number of customers billed during the month.

- B. A debit or credit entry equal to the terms billed during the month under the schedules subject to this provision multiplied by the DCA surcharge rate.
- C. A debit or credit entry for interest to be applied to over- and under-collected bank balances based on the monthly one-year nominal Treasury constant maturities rate.

2) RATE ADJUSTMENT

The DCA Rate Adjustment applicable to each schedule subject to this provision shall be revised annually to reflect the difference between the margin-per-customer authorized in the Utility's last general rate case and the margin billed. The DCA Rate Adjustment will be calculated by dividing the balance in the DCABA by the most recent 12-month volume of natural gas for the applicable rate schedules.

3) AMOUNTS RECOVERED AND REFUNDED

Over-collected or under-collected balances in the DCABA will be refunded over the next amortization period.

4) TIMING AND MANNER OF FILING

The Utility shall file its DCA Rate Adjustment revisions with the Commission in accordance with all statutory and regulatory requirements. The DCA Rate Adjustment shall be effective on the date of the first bill cycle in the month following the Commission's approval unless otherwise provided for by the Commission.

Issued On December 31, 2020
 Docket No. G-01551A-19-0055

Issued by
 Justin Lee Brown
 Senior Vice President

Effective January 1, 2021
 Decision No. 77850

RULE NO. 1

DEFINITIONS

For the purpose of these Tariffs, the terms and expressions listed below shall have the meanings set forth opposite:

Advance in Aid of Construction:	Funds provided to the Utility by an applicant for service under the terms of a main extension agreement, the amount of which may be refundable.
Agent:	Any party a customer may contract with for purposes of administering the customer's service agreement with the Utility excluding the right for the Agent to be billed directly by the Utility. An Agent has only those rights designated in writing by such customer for the effective time period.
Alternate Fuel:	Any fuel, gaseous, liquid, or solid, that may be used in lieu of natural gas.
Alternate Fuel Capability:	A situation where an alternate fuel can be utilized whether or not the facilities for such use have actually been installed.
Applicant:	A person requesting the Utility to supply natural gas service.
Application:	A request to the Utility for natural gas service, as distinguished from an inquiry as to the availability or charges for such service.
Arizona Corporation Commission:	The regulatory authority of the State of Arizona having jurisdiction over the public service corporations operating in Arizona.
Average Month:	30.4 days.
Base Gas Supply:	Natural gas purchased by the Utility from its primary supplier.
Basic Service Charge:	A fixed amount a customer must pay the Utility for the availability of gas service, independent of consumption, as specified in the Utility's tariffs.
Billing Month:	The period between any two regular readings of the Utility's meters at intervals of approximately 30 days.

N
N

D/L

RULE NO. 1

DEFINITIONS

(Continued)

Billing Period:	The time interval between two consecutive meter readings that are taken for billing purposes.	L L
Billing Units:	The billing unit shall be in either therms or hundreds of cubic feet (Ccf), whichever is applicable.	
Biogas:	A mixture of methane, carbon dioxide, and other constituents that is produced by the anaerobic digestion with anaerobic bacteria or fermentation of biodegradable materials such as biomass (manure, sewage, green waste, plant material, crops, and municipal waste or landfills).	N N N
Branch Service:	A service that is not connected to a natural gas main and has as its source of supply another service.	
British Thermal Unit:	The amount of heat required to raise the temperature of one pound of water from 59°F. to 60°F at constant pressure of 14.73 pounds per square inch absolute (psia).	
Btu:	British thermal unit.	
Bypass:	The ability to supplement or replace the Utility's natural gas service with another energy source not provided or delivered by the Utility.	N N
Bypass Customer:	A customer who has the ability, because of its physical proximity to the facilities of an alternative pipeline, or who possesses the ability to bypass the Utility's system and secure natural gas service from that pipeline or from another energy source not provided by the Utility.	T T D/L D/L D/L

RULE NO. 1

DEFINITIONS
(Continued)

Capacity Curtailment:

A condition occurring when the total system demand for natural gas exceeds the system's capability to deliver gas.

Cogeneration:

The use of gas to generate electricity and thermal energy at a facility that meets the efficiency standards outlined in Title 18, Code of Federal Regulation, Part 292, Subparts A and B, and where the customer's generators and load are located at the same site.

Commercial Customer:

A customer who is engaged primarily in the sale of goods or services including institutions and local, state and federal government agencies for uses other than those involving manufacturing or electric power generation.

RULE NO. 1

DEFINITIONS

(Continued)

- Cubic Foot: *(Continued)* 3. For the testing of gas for heating value the standard cubic foot shall be that volume of gas which, when saturated with water vapor and at a temperature of 60°F and under a pressure equivalent to that of 30 inches of mercury (mercury at 32°F and under standard gravity), occupies 1 cubic foot.
- Ccf: One hundred (100) cubic feet.
- Curtailement Priority: The order in which natural gas service is to be curtailed to various classifications of customers, as set forth in Rule No. 7 on A.C.C. Sheet Nos. 216 - 218 of this Arizona Gas Tariff.
- Customer: The person in whose name service is rendered as evidenced by the signature on the application, contract, or agreement for that service, or in the absence of a signed instrument, by the receipt and payment of bills regularly issued in his name, regardless of the identity of the actual user of the service.
- Customer Piping System: All pipe, tubing, valves, fittings, regulators, meters, or other components from the point of delivery to the outlets of the appliance shutoff valves. The term excludes appliance connectors and appliances.

D/N
|
N

RULE NO. 1

DEFINITIONS
(Continued)

Inter-Divisional Capacity Transfer:	A mechanism by which the unused off-peak interstate capacity of one of the Utility's divisions is utilized by another of the Utility's divisions to procure and transport otherwise inaccessible economically priced gas. The division owning the off-peak capacity receives benefit in the form of credits to its Gas Cost Balancing Account. The division utilizing the off-peak capacity receives benefit through reduction in its purchased gas costs.
Input Rating:	The number of Btus specified on the appliance rating tag needed to operate the appliance. Normally expressed in Btus per hour.
Irrigation Customer:	Where natural gas is utilized by internal combustion engines for agricultural irrigation purposes.
Law:	A rule or rules as established and enforced by government authorities.
Leak Check:	A pressure test of the customer piping system using natural gas at standard delivery pressure as the test medium, or, in the judgment of the utility, at a higher pressure.
Main Extension	The addition of pipe to an existing main to provide service to new customers.
Margin:	The currently effective commodity delivery charges multiplied by the units of gas used, plus the Demand Delivery charges multiplied by the billing determinant, if applicable, plus the basic service charge is the margin.
Master Meter Customer:	A customer who receives gas at a central point and distributes said gas through a piping system not owned and operated by the Utility to tenants or occupants for their individual consumption.
Mcf:	One thousand (1,000) cubic feet.

L/T
|
L

D/L

RULE NO. 1

DEFINITIONS
(Continued)

Police Protection Uses:	Natural gas used by law enforcement agencies in the performance of their appointed duties.
Preemption of Gas Supply:	An emergency condition where the Utility may, under specified conditions, utilize the customer-owned gas supplies of low priority transportation customers to serve the requirements of higher priority transportation and sales customers.
Premises:	All real property and apparatus employed in a single-owner enterprise located on an integral parcel of land or on contiguous properties that are located immediately across a public right-of-way.
Process Gas:	Natural gas use for which alternate fuels are not technically feasible, such as in applications requiring precise temperature controls and precise flame characteristics. For the purpose of this definition, propane and other gaseous fuels shall not be considered alternate fuels.
Regular Working Hours:	Except for Utility observed holidays, the period from 8 a.m. to 5 p.m., Monday through Friday.
Renewable Natural Gas (RNG):	A biogas which has been upgraded to pipeline quality gas that is suitable for distribution via the existing natural gas pipeline system, by increasing the percentage of methane in biogas by removing carbon dioxide and other trace components and adding a warning odorant.
Residential Dwelling:	A house, apartment, townhouse, or any other permanent residential unit.
Residential Subdivision:	Any tract of land which has been divided into four or more contiguous lots for use for the construction of residential buildings or permanent mobile homes for either single or multiple occupancy.
Residential Use:	Service to customers using natural gas for domestic purposes such as space heating, air conditioning, water heating, cooking, clothes drying, and other residential uses and includes use in apartment buildings, mobile home parks, and other multi-unit residential buildings.

N
|
N

T
T

RULE NO. 1

DEFINITIONS

(Continued)

Service Establishment Charge:	A charge as specified in the Utility's tariffs for establishing a new account.
Service Line:	A natural gas pipe that transports gas from a common source of supply (normally a distribution main) to the point of delivery.
Service Line Extension:	Consists of a service line provided for a new customer at a premise not heretofore served, in accordance with the service line extension rule.
Service Line Shut-Off Valve:	A curb valve or other manually operated valve located near the service that is safely accessible to Company personnel or other personnel authorized by the Company to manually shut off gas flow to the service.
Service Reconnect Charge:	A charge as specified in the Utility's tariffs which must be paid by the customer prior to reconnection of natural gas service each time the service is disconnected for nonpayment or whenever service is discontinued for failure to comply with the Utility's tariffs.
Service Reestablishment Charge:	A charge as specified in the Utility's tariffs for service at the same location where the same customer had ordered a service disconnection within the preceding 12-month period.
Shrinkage:	The cost of the gas volumes lost, unaccounted for, or used as company fuel in the transportation process and represented by the differential between the cost of gas on a sales basis and the cost of gas on a purchased basis.
Shrinkage Rate:	The rate used to recover the cost of shrinkage from non-exempt transportation customers.
Single-Family Residential:	A permanent residential dwelling, excluding multi-family residential structures.
Southwest Vista:	A fully integrated website that allows for the Utility's Transportation customers and designated agents the ability to submit Transportation nominations to the interstate pipelines. Users may also have the ability to view monthly volume statements, master detail reports, Transportation pipeline charges allocated to them from the Utility, and informational reports.

N
|
N

Rule No. 3

ESTABLISHMENT OF SERVICE
(Continued)

B. ESTABLISHMENT AND REESTABLISHMENT OF CREDIT/DEPOSITS (Continued)

3. Deposits (Continued)

e. Interest on Deposits

The Utility will pay interest on cash deposits held by the Company twelve (12) months or longer. The interest rate shall be the established one-year U.S. Treasury Constant Maturities rate, effective on the first business day of the year, as published on the Federal Reserve Website.

f. The Utility may review the customer's usage after service has been connected and adjust the deposit amount based upon the customer's actual usage.

g. A separate deposit may be required for each meter installed.

h. The Utility shall issue a non-negotiable receipt to the applicant for the deposit. The inability of the customer to produce such a receipt shall in no way impair his right to receive a refund of the deposit which is reflected on the Utility's records.

C. GROUNDS FOR REFUSAL OF SERVICE

#

1. The Utility has the right, but not the responsibility, to refuse to establish service if any of the following conditions exists:

a. The applicant has an outstanding amount due for the same class of service with the Utility and the applicant is unwilling to make satisfactory arrangements with the Utility for payment.

b. A condition exists which in the Utility's judgment is unsafe or hazardous to the applicant, the customer, the general population, or the Utility's personnel or facilities.

c. Refusal by the applicant to provide the Utility with a deposit when the customer has failed to meet the credit criteria for waiver of deposit requirements.#

C
C

T
T

Rule No. 3

ESTABLISHMENT OF SERVICE
(Continued)

C. GROUND FOR REFUSAL OF SERVICE (Continued)

- d. Customer is known to be in violation of the Utility's tariffs filed with and approved by the Commission.
- e. Failure of the customer to furnish such funds, service, equipment, and/or rights-of-way necessary to serve the customer and which have been specified by the Utility as a condition for providing service.
- f. Applicant falsifies his or her identity for the purpose of obtaining service.
- g. Where service has been discontinued for fraudulent use, in which case Rule No. 11 will apply.
- h. If the intended use of the service is for any restricted apparatus or prohibited use.
- i. Failure of the applicant to provide an easement in a form and upon terms that are satisfactory to the Utility when such is requested by the Utility as provided in Rule No. 8D.

2. Notification to Applicants or Customers

When an applicant or customer is refused service or service has been discontinued under the provisions of this rule, the Utility will notify the applicant or customer of the reasons for the refusal to serve and of the right of applicant or customer to appeal the Utility's decision to the Commission.

D. SERVICE ESTABLISHMENT, REESTABLISHMENT OR RECONNECTION

- 1. To recover the operating and clerical costs, the Utility shall collect a service charge whenever service is established, reestablished or reconnected as set forth and referred to as "Service Establishment Charge" in the currently effective Statement of Rates, A.C.C. Sheet No. 15 of this Arizona Gas Tariff. This charge will be applicable for (1) establishing a new account, (2) reestablishing service at the same location where the same customer had ordered a service disconnection, or (3) reconnecting service after having been discontinued for nonpayment of bills or for failure to otherwise comply with filed rules or tariff schedules.

RULE NO. 6

SERVICE AND MAIN EXTENSIONS
(Continued)

B. SERVICE AND MAIN EXTENSIONS TO APPLICANTS FOR SERVICE (Continued)

- a. Allowable investment shall mean a determination by the Utility that the revenues less the incremental cost to serve the applicant customer provides a rate of return on the Utility's investment no less than the overall rate of return authorized by the Commission in the Utility's most recent general rate case.
- b. The Utility, after conducting an Incremental Contribution study may, at its option, extend its facilities to Customers whose usage does not satisfy the definition of Economic Feasibility but who otherwise are Permanent Customers provided such Customer signs an extension agreement and advances as much of the cost, and/or agrees to pay a nonrefundable Facility Charge necessary to make the extension economically feasible.
- c. Customers provided with line extensions using the Incremental Contribution Method shall be reviewed annually to determine the amount of any refund for a period of ten years.

5. Method of Refund

Amounts advanced by the applicant in accordance with this rule, less any unpaid Facility Charges, shall be refunded, without interest, in the following manner:

- a. Refunds of an advance shall be made for each additional separately metered permanent connections to the main extension for which an advance was collected when an excess allowable investment is calculated by the Incremental Contribution Study for the additional customer(s).

RULE NO. 6

SERVICE AND MAIN EXTENSIONS
(Continued)

B. SERVICE AND MAIN EXTENSIONS TO APPLICANTS FOR SERVICE (Continued)

- b. Refunds will be made annually, or intermittently within the annual period at the option of the Utility. Amounts refunded may be accumulated to a minimum of \$50, or the total refundable balance if less than \$50. T
- c. When two or more parties make a joint advance on the same extension, refundable amounts will be distributed to these parties in the same proportion as their individual percentages of the total joint advance. T
- d. The refund period shall be ten years from the date of the completion of the extension. No refunds will be made by the Utility after the termination of the refund period. Any portion of the advance that remains unrefunded at the end of the refund period shall remain the property of the Utility. C
D
D
- e. Any assignment by a customer of their interest in any part of an advance, which at the time remains unrefunded, must be made in writing and approved by the Utility. T
- f. Amounts advanced under a gas main extension rule previously in effect will be refunded in accordance with the provisions of such rule. T

C. SERVICE AND MAIN EXTENSIONS TO SERVE INDIVIDUALLY-METERED SUBDIVISIONS, TRACTS, HOUSING PROJECTS, MULTI-FAMILY DWELLINGS AND MOBILE HOME PARKS OR ESTATES

1. Advances

- a. Gas distribution service and main extensions to and within individually-metered subdivisions, housing projects, multi-family dwellings and mobile home parks or estates will be constructed, owned and maintained by the Utility in advance of applications for service by bona fide customers only when the entire estimated cost of such extensions as determined by the Utility is advanced to the Utility, and a main extension contract is executed. This advance may include the cost of any gas facilities installed at the Utility's expense in conjunction with a previous service or main extension in anticipation of the current extension.

RULE NO. 6

SERVICE AND MAIN EXTENSIONS
(Continued)

D. RESIDENTIAL AMORTIZATION PROGRAM (Continued)

In instances where a customer that is a party to a line extension contract disconnects service, the entirety of the remaining balance of the principal of the contract shall become due and payable immediately by the customer to the Utility, unless such customer arranges for the subsequent customer requesting gas service at the same service address to execute a new line extension contract. This new contract shall obligate the subsequent customer to pay the monthly amortization charge under terms identical to those of the original contract.

In instances where the remaining balance of the principal becomes due and payable immediately, the Utility shall make reasonable efforts to collect such remaining balance from the customer; however, if such efforts prove unsuccessful, the defaulted balance shall become the Utility's investment in gross plant.

The residential amortization program shall not be available to developers, contractors or other commercial entities.

E. GENERAL CONDITIONS

1. Postponement of Advance

The Utility, at its option, may postpone, for a period not to exceed ten years, that portion of an advance which it estimates would be refunded under the provisions of this rule. At the end of such refund period, the Utility shall collect all such amounts not previously advanced which were not then refundable. When advances are postponed, the applicant may be required to furnish to the Utility evidence of the necessary approvals to commence construction and of adequate financing. A surety bond, or other Utility-approved surety, may be required to assure payment of any postponed amounts at the end of the postponement period.

RULE NO. 6

SERVICE AND MAIN EXTENSIONS

(Continued)

E. GENERAL CONDITIONS *(Continued)*

- (3) Description and sketch of the requested main extension.
- (4) Description of requested service.
- (5) A cost estimate to include materials, labor, and other costs as necessary.
- (6) Payment terms.
- (7) A concise explanation of any refunding provisions, if applicable.
- (8) The Utility's estimated start date and completion date for construction of the main extension.
- (9) A summary of the results of the Incremental Contribution analysis performed by the Utility to determine the amount of advance required from the applicant for the proposed main extensions.
- (10) Each applicant shall be provided a copy of the approved main extension agreement.

6. Relocation or Improvement of Services and Mains

- a. When, in the judgment of the Utility, the relocation or improvement of a main or service is necessary and is due either to maintenance of adequate service or the operating convenience of the Utility, the Utility shall perform such work at its own expense.
- b. If relocation or improvement of a main or service line is due solely to meet the convenience or the requirements of the applicant or the customer, such relocation or improvement, including metering and regulating facilities, shall be performed by the Utility at the expense of the applicant or the customer.

RULE NO. 6

SERVICE AND MAIN EXTENSIONS
(Continued)

E. GENERAL CONDITIONS (Continued)

c. Relocation or improvement of facilities will be mandatory and at the customer's expense when actions of the customer restrict the Utility's access to or the safety of the facility.

7. Standby Service or Residential Pool Heating

No allowance will be made for equipment used for standby or emergency purposes only. No allowance will be made for pool heaters for residential customers.

8. Temporary Service

Extensions for temporary service or for operations, which in the opinion of the Utility are of a speculative character or of questionable permanency will not be made under this rule, but will be made in accordance with Rule No. 3.

9. Length and Location

The length of main or service required for an extension will be considered as the distance along the shortest practical and available route, as determined by the Utility, from the Utility's nearest permanent distribution main.

10. Service Impairment to Other Customers

When, in the judgment of the Utility, providing service to an applicant would impair service to other customers, the cost of necessary reinforcement to eliminate such impairment may be included in the cost calculation for the extension.

11. Service From Transmission Lines

The Utility will not tap a gas transmission main except when conditions in its sole opinion justify such a tap. Where such taps are made, the applicant will pay the Utility the cost of such tap, and extensions therefrom will be made in accordance with the provisions of this rule.

RULE NO. 6

SERVICE AND MAIN EXTENSIONS
(Continued)

E. GENERAL CONDITIONS (Continued)

12. Other Types of Connections

Where an applicant or customer requests a type of service connection other than standard such as curb meters and vaults, etc., the Utility will consider each such request and will grant such reasonable allowance as it may determine. The Utility shall install only those facilities that it determines are necessary to provide standard natural gas service in accordance with this tariff. Where the applicant requests the Utility to install special facilities which are in addition to, or in substitution for, or which result in higher costs than the standard facilities which the Utility would normally install, the extra cost thereof shall be borne by the applicant.

13. Excess Flow Valve and Service Line Shut-off Valve Installation

The installation of an Excess Flow Valve (EFV) or Service Line Shut-off Valve (SLSV) shall be performed on all newly installed or replaced service pipes connected to the Utility's distribution system before the service is activated as provided by this Rule. Nothing in this Rule prevents the Utility from installing or specifying, in its sole discretion, the installation of an EFV or a SLSV in additional service types.

a. Applicable service line types.

- (1) A single service line to one single-family residence;
- (2) A branched service line to a single-family residence (SFR) installed concurrently with the primary SFR service line (i.e. a single EFV may be installed to protect both service lines);
- (3) A branched service line to a SFR installed off a previously installed SFR service line that does not contain an EFV;
- (4) Multifamily residences with known customer loads not exceeding 5,500 SCFH per service at time of service installation based on installed meter capacity;

N
N
D
N
N
D/L
D/L

RULE NO. 6

SERVICE AND EXTENSIONS
(Continued)

E. GENERAL CONDITIONS *(Continued)*

13. Excess Flow Valve and Service Line Shut off Valve Installation *(Continued)*

a. Applicable service line types. *(Continued)*

(5) A single, small commercial customer served by a single service line with a known customer load not exceeding 5,500 SCFH, at the time of meter installation, based on installed meter capacity; and,

(6) For service lines with meter capacity that exceeds 5,500 SCFH, a SLSV or, if possible, based on sound engineering analysis and availability, an EFV, shall be installed.

b. The Utility is not required to install an EFV if one or more of the following conditions are present:

(1) The service line does not operate at a pressure of 10 psig or greater throughout the year;

(2) The Utility has prior experience with contaminants in the gas stream that could interfere with the EFV's operation or cause loss of service to a customer;

(3) An EFV could interfere with the necessary operation or maintenance activities such as blowing liquids from the line; or

(4) An EFV meeting the performance standards in 49 C.F.R. § 192.381 is not commercially available to the Utility.

c. The Applicant shall provide the Utility information concerning the gas usage and demand requirements. The EFV or SLSV will be designed and constructed so that suitable gas capacity is available and satisfactory to the Utility.

d. The Utility will construct, own, operate and maintain the EFV or SLSV in connection with the service line installation.

RULE NO. 6

SERVICE AND EXTENSIONS

(Continued)

E. GENERAL CONDITIONS *(Continued)*

13. Excess Flow Valve and Service Line Shut off Valve Installation *(Continued)*

e. The Utility shall pay for all costs associated with the installation, replacement or maintenance of the EFV or SLSV unless the work is made necessary by the relocation of a main or service line that is due solely to meet the Customer's convenience, or the work is made to redress a Customer's violation of any of the Utility's tariffs, or is an additional service line for a single premise as described in Rule 6(E)(a).

f. The Customer has the right to request that an EFV be installed on their existing service line if the load does not exceed 5,500 SCFH and the conditions in part 13(b) are not present. In such instances, the Utility shall notify the Customer of the following:

(1) Any costs associated with the installation that shall be paid by the Customer.

(2) The Company shall install the EFV at a mutually agreeable date.

g. If a Customer requests the installation of an EFV on their existing service line, the Utility shall perform the installation subject to the practicability of the installation at a mutually agreeable date.

14. Exceptional Cases

In unusual circumstances, when the application of this Rule appears impractical or unjust to either party, the Utility or the applicant may refer the matter to the Commission for special ruling or for the approval of special conditions which may be mutually agreed upon, prior to commencing construction.

15. Taxes Associated with Nonrefundable Contributions and Advances

Any federal, state or local income taxes resulting from a nonrefundable contribution or advance by the customer in compliance with this rule will be recorded as a deferred tax and appropriately reflected in the Utility's rate base. These deferred taxes will be amortized over the remaining tax life of the asset.

RULE NO. 7

PROVISION OF SERVICE

A. UTILITY RESPONSIBILITY

1. The Utility shall be responsible for the safe transmission and distribution of gas until it passes the point of delivery to the customer. Where the Utility owns and operates a meter, regulator, pipe, fixtures, apparatus, etc. downstream of the point of delivery, the Utility shall be responsible for the Utility's equipment as provided for in this Rule.
2. All meters, regulators, service pipe, fixtures, and other apparatus, etc. owned and operated by the Utility upon the customer's premises for the purpose of delivering or metering gas to the customer shall continue to be the property of the Utility, and may be repaired, replaced or removed by the Utility at any time. Such equipment installed on customer's premises shall be maintained in safe operating condition by the Utility.
3. The Utility shall not be responsible for any loss or damage occasioned or caused by the negligence or wrongful act of the customer or any of his agents, employees or licensees in installing, maintaining, using, operating, interfering with, or failing to support or protect any such meters, regulators, gas piping, appliances, fixtures or apparatus, etc.
4. The customer shall provide a leak tight system for receiving gas. The Utility shall perform a leak check on the customer's piping system when the gas is turned on. If any uncontrolled hazardous leakage exists at the time of turn-on, service will be denied until the customer has eliminated all such leaks. The Utility may also refuse service until a certificate executed by an authorized public official is issued. Except as provided in this Rule, the Utility has no duty to inspect, maintain, or repair the customer's premises and has no duty to warn of any condition it observes thereon; the Utility shall not be liable for any failure to inspect, maintain, or repair the customer's premises or for the failure to warn of any condition.

T
T
T
N
N
D

T

RULE NO. 7

PROVISION OF SERVICE
(Continued)

B. CUSTOMER RESPONSIBILITY

1. The customer shall, at the customer's sole risk and expense, furnish, install and keep in good, safe and leak free condition a customer piping system, and all appliances, alarms, fixtures, and apparatus of any kind or character located beyond the point of delivery which may be required for receiving gas from the Utility and for applying and utilizing gas, including all necessary protective appliances and suitable housing therefore.
2. The customer will be solely responsible for any injury, damage or loss resulting from the gas, or its use or loss, after such gas passes beyond the point of delivery, and the Utility shall not be responsible for any loss, injury or damage occasioned or caused by the negligence or wrongful act of the Customer or any of the Customer's agents, employees or licensees in installing, maintaining, using, operating or interfering with any such customer piping system, appliances, alarms, fixtures or apparatus. Where the Utility owns and operates a meter, regulator, pipe, fixtures, apparatus, etc., downstream of the point of delivery, the customer shall not be responsible for the injury, damage, or loss resulting from the gas, or its use or loss caused by that Utility equipment except as provided in paragraph (3), below.
3. No rent or other charge whatsoever will be made by the customer against the Utility for placing or maintaining said meters, regulators, service pipe, fixtures, etc., upon the customer's premises. All meters will be sealed or soldered by the Utility, and no such seal or solder shall be tampered with or broken except by a representative of the Utility appointed for that purpose. The customer shall exercise reasonable care to prevent the meters, regulators, service pipe, fixtures, etc., of the Utility upon said premises from being injured or destroyed, and shall refrain from interfering with the same and, in case of defect therein or damage thereto shall be discovered, shall promptly notify the Utility thereof. The customer shall reimburse the Utility for the cost of repairs arising from the customer's neglect, carelessness, misuse or abuse.

RULE NO. 7

PROVISION OF SERVICE
(Continued)

G. CURTAILMENT (Continued)

- Priority 4: Industrial requirements for boiler fuel use at less than 30,000 therms per peak day, but more than 15,000 therms per peak day, where alternate fuel capabilities can meet such requirements.
- Priority 5: Industrial requirements for large volume (30,000 therms per peak day or more) boiler fuel use where alternate fuel capabilities can meet such requirements.
3. In the event of isolated incidents in order to avoid hazards and protect the public, the Utility may temporarily interrupt service to certain customers without regard to priority or any other customer classification.
4. The Utility shall not be responsible for any damage or claim of damage attributable to the aforementioned curtailment.

H. CONSTRUCTION STANDARDS AND SAFETY

1. The Utility shall fulfill its responsibility for warning and for the safe distribution of gas by designing, constructing, testing, inspecting, operating, and maintaining its transmission and distribution systems upstream of the point of delivery in compliance with the Federal Safety Standards for intrastate natural gas pipeline facilities and the Commission's safety standards for natural gas pipeline facilities.
2. When Utility owned and operated equipment is located downstream of the point of delivery:
- a. The Federal Safety Standards for intrastate natural gas pipeline facilities and the Commission's safety standards for natural gas pipeline facilities do not apply to the customer piping system.

RULE NO. 8

METER READING
(Continued)

C. CUSTOMER REQUESTED METER TESTS (Continued)

2. In the event the customer should at any time request that the meter be tested by an independent certified testing agency mutually accepted by all parties, the customer shall be directly responsible to and shall be charged by said independent testing agency for the full costs of such test, unless the meter is inaccurate in excess of 3 percent, in which case the Utility shall be liable for such cost. Further, in this regard, the customer shall be notified in advance as to the existence of this provision and the nature of the charge herein provided.

D. FACILITIES ON CUSTOMER'S PREMISES

1. Meter Installation

- a. All meters will be installed by the Utility in some convenient location approved by the Utility and so placed as to be at all times accessible for inspection, reading and testing. The Utility will change the meter location on customer's premises for reasonable cause but when such request is made solely to suit the customer's convenience, or to overcome unsafe conditions other than those caused by the Utility, a charge may be made to cover the actual cost of the change.
- b. In all buildings in which separate meters are hereafter required to be installed for various floors or groups of rooms in order to measure the gas supplied to each tenant, the Utility may require all meters to be located at a central point, and each such meter will be clearly marked to indicate the particular location supplied by it.

D

RULE NO. 8

METER READING
(Continued)

D. FACILITIES ON CUSTOMER'S PREMISES (Continued)

2. Utility Easements and Rights of Ingress and Egress

- a. Upon application for gas service and the establishment of service pursuant thereto, and upon the taking of service at any time thereafter, the customer shall be deemed to grant to the Utility and its successors and assigns, to whatever extent the customer may be empowered to make such grant, a perpetual easement and irrevocable license for the installation and maintenance of a gas pipeline or pipelines and appurtenances across, over, under and through the customer's premises, together with rights of ingress and egress and any temporary easements reasonably necessary to install, maintain, or replace the Utility's gas facilities. The terms of the grant are such that the Utility may, in conjunction with Rule 7(A)(2), relocate its gas facilities and the easement and license to a different location on the premises in order to continue to provide service to the customer or customers served by the Company's gas facilities. Any such grant from the owner of the premises serviced shall be deemed to be an easement running with the land, and shall bind his heirs and assigns.
- b. The Utility shall at all times have the right of ingress to and egress from the customer's premises at all reasonable hours for any purpose reasonably connected with the furnishing of gas, and the exercise of any and all rights secured to it by law or these rules.

RULE NO. 8

METER READING
(Continued)

D. FACILITIES ON CUSTOMER'S PREMISES (Continued)

2. Utility Easements and Rights of Ingress and Egress (Continued)

- c. Upon the Utility's request, an applicant for gas service shall provide, without cost to the Utility, a non-exclusive perpetual easement in a form and upon terms that are satisfactory to the Utility for the installation and maintenance of a gas pipeline or pipelines and appurtenances, across, over, under, and through the applicant's premises, together with the rights of ingress and egress and any temporary easements that are reasonably necessary for the Utility to install, maintain, or replace the Utility's gas facilities. If the applicant is not the property owner, then the applicant shall secure such easements from the property owner. The Utility may request such easements whenever it determines that its existing easements or other property rights are unsatisfactory. Failure to provide such easements may be grounds for refusal of service. An easement or other property right may be unsatisfactory if, among other things, it burdens the Utility with undue costs (including costs related to indemnification, insurance, or the maintenance and restoration of the burdened estate); fails to provide a safe, convenient, and economical means for the placement, operation, or access to the Utility's gas facilities; seeks to confer benefits for the applicant or a customer that are unjust, unreasonable, unjustly discriminatory, or preferential; is vague or ambiguous; or conflicts with this Tariff or with the Commission rules and regulations.
- d. The Utility shall have the right (but not the obligation) to remove any or all of its property installed on the customer's premises at the termination of service.
- e. If the customer is currently receiving service, then within ten (10) days of the Utility's request, the customer shall provide, without cost to the Utility, a non-exclusive perpetual easement as described in paragraph (c). If the customer is not the property owner, then the customer shall secure such easement from the property owner. The Utility may request such an easement whenever it determines that its existing easement or other property rights are unsatisfactory. Failure to provide such easements shall be grounds for termination of service as provided in Rule 10C.

RULE NO. 8

METER READING
(Continued)

E. SERVICE CONNECTIONS MADE BY UTILITY'S EMPLOYEES

Only duly authorized employees or agents of the Utility are allowed to connect the customer piping system to, or disconnect the same from, the Utility's gas facilities, or to turn on the Utility's supply of gas.

RULE NO. 9

BILLING AND COLLECTION
(Continued)

O. ELECTRONIC BILLING

Electronic Billing is an optional billing service whereby customers may elect to receive, view, and pay their gas bills electronically. An electronic bill may be generated in lieu of a paper bill under the following conditions:

1. Customers requesting this service may be required to complete additional forms and agreements with the Utility and/or the Electronic Billing Service Provider.
2. Electronic Billing may be discontinued at any time by the Utility, the customer or the Electronic Billing Service Provider.
3. Except as otherwise provided in this section, all other provisions of the Utility's Rules and Regulations as contained in this Arizona Gas Tariff are applicable to Electronic Billing and made a part hereof.

RULE NO. 10

TERMINATION OF SERVICE
(Continued)

B. TERMINATION OF SERVICE WITHOUT NOTICE (Continued)

- (1) If any unsafe or hazardous condition is found to exist on the customer's premises, or if the use of gas thereon by apparatus, appliances, equipment, or otherwise is found to be detrimental or damaging to the Utility, its customers, or the general public, or if the utilization of gas by means thereof is prohibited or forbidden by law, the service may be disconnected without notice. The Utility will attempt to notify the customer or occupant immediately of the reasons for the discontinuance and the corrective action to be taken by the customer before service can be restored.
 - (2) Except as provided in Rule No. 7, the Utility does not assume the duty of inspecting the customer piping system, appliances, alarms, fixtures, or apparatus of any kind or character located beyond the point of delivery, including any necessary protective appliances and suitable housing therefore, and assumes no liability therefore.
- b. For Fraud
- The Utility shall have the right to refuse or to discontinue gas service if the acts of the customer or the conditions upon his premises are such as to indicate intention to defraud the Utility. When the Utility has discovered that a customer has obtained service by fraudulent means, or has used the gas service for unauthorized purposes, the service to that customer may be discontinued without notice. The Utility will not restore service to such customer until that customer has complied with all filed rules and reasonable requirements of the Utility and the Utility has been reimbursed for the full amount of the service rendered and the actual cost to the Utility incurred by reason of the fraudulent use.
- c. Unauthorized resale or use of Utility services.
- d. Failure of a customer to comply with the curtailment procedures imposed by the Utility during supply shortages.
2. The Utility shall not be required to restore service until the conditions which resulted in the termination have been corrected to the satisfaction of the Utility.
 3. The Utility shall maintain a record of all terminations of service without notice. This record will be maintained for a minimum of one year and shall be available for inspection by the Commission.

RULE NO. 10

TERMINATION OF SERVICE

(Continued)

C. TERMINATION OF SERVICE WITH NOTICE

1. The Utility has the right, but not the responsibility, to terminate service to any customer for any reason stated below provided the Utility has met the notice requirements established by the Commission:
 - a. Customer violation of any of the Utility's tariffs.
 - b. Failure of the customer to pay a delinquent bill for Utility service.
 - c. If a customer is receiving gas service at more than one location, service at all locations may be discontinued if bills for service at any one or more of these locations are not paid within 25 days, provided the Utility has given the customer at least five days' prior written notice of such intention. However, domestic residential service will not be discontinued because of nonpayment of bills for other classes of service.
 - d. Failure to meet or maintain the Utility's deposit requirements.
 - e. If, for the convenience of an applicant, the Utility should establish gas service to an applicant before he has established his credit, the Utility may discontinue service if the applicant fails to establish credit within five days thereafter.
 - f. Use of restricted apparatus.
 - g. Failure of the customer to provide the Utility reasonable access to its equipment and property.
 - h. Customer breach of a written contract or agreement for service or service-related work between the Utility and customer.
 - i. When necessary for the Utility to comply with an order of any governmental agency having such jurisdiction.
 - j. Failure to provide an easement in a form and upon terms that are satisfactory to the Utility for the installation and maintenance of a gas pipeline or pipelines and appurtenances as provided in Rule No. 8.
2. The Utility shall maintain a record of all terminations of service with notice. This record shall be maintained for one year and be available for Commission inspection.
