To: Energy Company Filing Advice Letter

From: Energy Division PAL Coordinator

Subject: Your Advice Letter Filing

The Energy Division of the California Public Utilities Commission has processed your recent Advice Letter (AL) filing and is returning an AL status certificate for your records.

The AL status certificate indicates:

- Advice Letter Number
- Name of Filer
- CPUC Corporate ID number of Filer
- Subject of Filing
- Date Filed
- Disposition of Filing (Accepted, Rejected, Withdrawn, etc.)
- Effective Date of Filing
- Other Miscellaneous Information (e.g., Resolution, if applicable, etc.)

The Energy Division has made no changes to your copy of the Advice Letter Filing; please review your Advice Letter Filing with the information contained in the AL status certificate, and update your Advice Letter and tariff records accordingly.

All inquiries to the California Public Utilities Commission on the status of your Advice Letter Filing will be answered by Energy Division staff based on the information contained in the Energy Division's PAL database from which the AL status certificate is generated. If you have any questions on this matter please contact the:

Public Utilities Commission of the State of California

Subject: Biomethane Incentive Reservation Form Update Pursuant to Decision 22-02-025.

Purpose

Pursuant to Decision (D.) 22-02-025 (“Decision”) Implementing Senate Bill (SB) 1440 Biomethane Procurement Program, Ordering Paragraph (“OP”) 36, Pacific Gas and Electric Company (“PG&E”), Southern California Gas Company (“SoCalGas”), San Diego Gas and Electric Company (“SDG&E”), and Southwest Gas Corporation (“SWG”) (collectively, the “Joint Utilities”) submit this Tier 1 Advice Letter to update the Biomethane Incentive Reservation form.

Background

On December 5, 2019, the California Public Utilities Commission (CPUC) approved D.19-12-009 Establishing a Reservation System for the Biomethane Incentive Program, Extending Date and Addressing Rate Recovery for Pipeline Interconnection Infrastructure. This decision implemented an Incentive Reservation System for the biomethane monetary incentive program initially established pursuant to D.15-06-029. The biomethane monetary incentive program provides up to \$3 million for non-dairy cluster projects and \$5 million for dairy clusters that successfully interconnect with the natural gas pipeline system and operate by December 31, 2026. The Biomethane Incentive Reservation System allows project developers to reserve incentive funds during the development phase of a project and receive the funds once the project is interconnected and operating in accordance with utility tariffs. Applications for the

Incentive Reservation System are designed to ensure that only viable projects can secure a spot on the reservation and waiting lists managed by the CPUC's Energy Division.

On December 19, 2019, the Joint Utilities filed their respective advice letters developing a standard Biomethane Incentive Reservation form that meets the criteria outlined in Section 3.2 and 3.3 of D.19-12-009. These advice letters were approved with an effective date of December 19, 2019.¹

On February 24, 2022, the CPUC approved D.22-02-025. This decision implements SB 1440 by setting biomethane (renewable natural gas (RNG) and/or bio-synthetic natural gas (bio-SNG)) procurement targets for the gas utilities' core customers to reduce short-lived climate pollutant emissions and adopts provisions to achieve additional co-benefits and timetables for each investor-owned utility providing gas service in California. This decision also requires, among other items, the following as indicated in OP 36:

Within 30 days of the effective date of this decision, Southern California Gas Company, Pacific Gas and Electric Company, San Diego Gas & Electric Company, and Southwest Gas Corporation shall each file a Tier 1 Advice Letter updating the Biomethane Incentive Reservation Form to include an agreement to limit hydrogen sulfide in gathering lines to 10 parts per million.

In accordance with OP 36, the Joint Utilities collaborated to revise the established standard Biomethane Incentive Reservation form for biomethane producers seeking a monetary incentive to acknowledge this new requirement (Attachment A). Further the Joint Utilities collaborated to develop a Biomethane Incentive Reservation supplemental form intended for biomethane producers who are already on the waitlist to receive a monetary incentive to acknowledge and comply with this new requirement (Attachment B).

Once the Joint Utilities' Tier 1 advice letters are approved by the Energy Division, the updated standard Biomethane Incentive Reservation forms will be made available for download on each utility's website.

Tariff Revisions

The submittal would not increase any current rate or charge, cause the withdrawal of service, or conflict with any rate schedule or rule.

² Pursuant to Rule 1.5 of General Order 96-B, PG&E requests to extend the protest period by one additional day because twenty days following submission of this advice letter is Sunday, April 10, 2022.

Any person (including individuals, groups, or organizations) may protest or respond to an advice letter (General Order 96-B, Section 7.4). The protest shall contain the following information: specification of the advice letter protested; grounds for the protest; supporting factual information or legal argument; name and e-mail address of the protestant; and statement that the protest was sent to the utility no later than the day on which the protest was submitted to the reviewing Industry Division (General Order 96-B, Section 3.11).

Effective Date

Pursuant to General Order (GO) 96-B, Rule 5.1, and OP 36 of D.22-02-025, this Advice Letter is submitted with a Tier 1 designation. The Joint Utilities request that this Tier 1 Advice Letter become effective upon date of submittal, which is March 21, 2022.

Authorization

This Advice Letter is submitted by PG&E on behalf of, and with the authorization from, SoCalGas, SDG&E, and SWG.

Notice

In accordance with General Order 96-B, Section IV, a copy of this advice letter is being sent electronically to parties shown on the attached list and the parties on the service list for R.13-02-008. Address changes to the General Order 96-B service list should be directed to PG&E at email address PGETariffs@pge.com. For changes to any other service list, please contact the Commission's Process Office at (415) 703-2021 or at Process_Office@cpuc.ca.gov. Send all electronic approvals to PGETariffs@pge.com.
