# SOUTHWEST GAS CORPORATION

November 30, 2022

**Advice Letter No. 1239-G**  
(U 905 G)

Public Utilities Commission of the State of California

**Subject: Third Quarter 2022 Biomethane Gas Plan Report Pursuant to Decision (D.) 20-05-003**

The purpose of this Advice Letter is for Southwest Gas Corporation (Southwest Gas) to submit its Biomethane Gas Plan (BGP) Quarterly Report pursuant to Ordering Paragraph (OP) 8 in D.20-05-003.<sup>1</sup> There are no tariff sheets being modified because of this submission.

**Background**

On May 7, 2020, the Commission issued D.20-05-003 authorizing Southwest Gas to revise its California Gas Tariff to: 1) make permanent the temporary modifications to the Gas Cost Incentive Mechanism (GCIM) in Preliminary Statement 17 that the Commission previously approved in October 2016 (2016 Modification); 2) implementation of the BGP within the GCIM; and 3) modification of Southwest Gas' transportation customer balancing requirements and Operational Flow Orders (OFOs) provisions in Rule No. 21 – Transportation of Customer-Secured Natural Gas (Rule No. 21). Specifically, the BGP provides the mechanism to pass all renewable gas costs and revenues through to Southwest Gas customers. OP 8 in D.20-05-003 states:

Southwest Gas Corporation shall provide the Commission's Energy Division with quarterly reports on its Biomethane Gas Program (BGP) activities relating to the approval of the BGP Modification and Rule 21 Modification herein authorized. Prior to submitting the preliminary quarterly report, Southwest Gas Corporation shall request input and approval from the Commission's Energy Division in developing the reporting template.<sup>2</sup>

Pursuant to OP 8, Energy Division approved Southwest Gas' reporting template. Additionally, given that D.20-05-003 does not include reporting due dates, Energy Division approved of the following BGP quarterly reporting schedule:

---

<sup>1</sup> D.20-05-003 issued in Application 19-02-002, *Application of Southwest Gas Corporation (U 905 G) for Authority to Revise its California Gas Tariff to Modify the Gas Cost Incentive Mechanism, implement a Biomethane Gas Program, and Modify Transportation Customer Balancing Requirements and Operational Flow Orders*, filed February 1, 2019.

<sup>2</sup> D.20-05-003 at pg. 23.

<u>Quarter</u>	<u>Gas Flow Dates</u>	<u>Accounting Period</u>	<u>Report Due Date</u>
1	January – March	February – April	May 31
2	April – June	May – July	August 31
3	July – September	August – October	November 30
4	October - December	November – January	February 28

Energy Division also directed Southwest Gas to submit the report through a Tier 1 Advice Letter to provide parties more notice and transparency.

Although BGP quarterly reporting began in calendar year 2021, Southwest Gas did not have any biomethane gas purchases. Therefore, quarterly reporting began in calendar year 2022.<sup>3</sup>

### **Biomethane Gas Plan Report**

Southwest Gas submits its third quarter 2022 Biomethane Gas Plan Report for the July through September 2022 gas flow dates (Attachment A). The report reflects BGP activity with respect to Southwest Gas' Southern California service territory. No biomethane gas purchases were made in Southwest Gas' Northern California service territory.

The report is submitted in both public and confidential versions. The confidential report is being submitted to the Energy Division under separate cover along with the *Declaration of John R. Olenick Regarding the Confidentiality of Certain Data*.

This submission will not increase any current rate or charge, cause the withdrawal of service, or conflict with any rate schedule or rule.

### **Effective Date**

Pursuant to Energy Division direction, Southwest Gas believes this Advice Letter should be classified as Tier 1 (effective pending Energy Division disposition) pursuant to General Order (GO) 96-B and per the direction of Energy Division Staff. Southwest Gas respectfully requests that this Advice Letter be accepted effective November 30, 2022, which is the date submitted.

### **Protest**

Anyone may protest this Advice Letter to the Commission's Energy Division. The protest must state the grounds upon which it is based with specificity and must be sent no later

---

<sup>3</sup> In lieu of quarterly Advice Letters, Southwest Gas submitted written correspondence to Energy Division Staff confirming that it had not made any biomethane gas purchases for each quarter in 2021.

### **Notice**

Southwest Gas believes it is exempt from the notice requirements set forth in General Rule 4.2 of GO 96-B, since this Advice Letter is being submitted pursuant to OP 8 in D.20-05-003 and will not increase any rate or charge, cause the withdrawal of service, or conflict with any other schedule or rule that are currently in effect.

### **Service**

In accordance with GO 96-B, General Rule 7.2, Southwest Gas is serving copies of this Advice Letter to the utilities and interested parties shown on the attached distribution list and the service list in A.19-02-002.

Respectfully submitted,  
SOUTHWEST GAS CORPORATION
