## Advice Letter No. 1310

Public Utilities Commission of the State of California

### Subject: Update Public Purpose Program Surcharge for Rates Effective January 1, 2025

Southwest Gas Corporation (Southwest Gas or Company) hereby submits for approval by the California Public Utilities Commission (Commission) revisions to its California Gas Tariff. The tariff sheet being modified as a result of this submission is listed in Attachment A.

### Purpose

The purpose of this submission is to adjust Southwest Gas' Public Purpose Program (PPP) surcharge rates applicable to its California Alternate Rates for Energy (CARE) and Energy Savings Assistance (ESA) programs in accordance with Ordering Paragraphs (OP) 22 in Decision (D.) 04-08-010 and 10 in D.14-05-004, D.21-10-023, and Resolution G-3594.

### Updated 2025 PPP Surcharges

Southwest Gas' PPP surcharges are calculated using the formulas provided in D.04-08-010. The volumes used in the calculations reflect a three-year average (36 consecutive months ended, September 2024), as set forth in D.04-08-010. Additionally, the funding used in the surcharge calculations for the Southwest Gas CARE and ESA programs were authorized in D.21-10-023 and Resolution G-3594. The calculations of Southwest Gas' proposed 2025 PPP Surcharges are provided in the attached Appendix A. Below is a summary of the Revenue Requirement for each PPP surcharge rate component.

		<b>Program Budgets</b>	<b>Administrative Costs</b>	<b>Balancing Accounts</b>	<b>Total</b>
<b>CARE</b>	\$	8,490,405	-	6,477,033	14,967,438
<b>ESA</b>	\$	5,430,213	-	(3,545,425)	1,884,788
<b>CEE</b>	\$	500,000	-	119,503	619,503
<b>R&amp;D</b>	\$	342,107	-	179,503	521,610
<b>CDTFA</b>	\$	-	14,026	-	14,026
<b>Total PPP Costs</b>	<b>\$</b>	<b>14,762,725</b>	<b>14,026</b>	<b>3,230,614</b>	<b>18,007,365</b>

Advice Letter No. 1310

### **ESA Revenue Requirement**

OP 42 of D.21-10-023 states:

Alpine Natural Gas Operating Company No. 1, LLC, Golden State Water Company on behalf of Bear Valley Electric Service Division, Liberty Utilities LLC, PacifiCorp, and Southwest Gas Corporation must each use all unspent and uncommitted Energy Savings Assistance program funds remaining at the end of a program year to offset the next program year's collections, as opposed to waiting until the end of a cycle.

Southwest Gas does not expect to have any unspent funds for the remainder of 2024. Therefore, Southwest Gas' 2025 ESA revenue requirement calculation is not offset by 2024 unspent ESA funds.

### **Residential Gas Rate and Bill Impact**

On May 8, 2020, the Energy Division issued a standing data request to all energy utilities requiring detailed rate and bill impacts (utilizing the provided template) for any Advice Letter that requests the implementation of a rate change (i.e., margin adjustment, annual balancing account update, etc.). To provide a cumulative revenue requirement and bill impact, Southwest Gas will include this information with its Annual Balancing Account Update, effective January 1, 2025, to be submitted to the Energy Division in November 2024.

### **Effective Date**

Southwest Gas believes this submittal Advice Letter should be classified as Tier 2 (Effective After Energy Division Disposition) pursuant to General Order (GO) 96-B. Southwest Gas respectfully requests the revised tariff sheet be approved November 30, 2024, which is thirty (30) days from the date submitted, with an effective date of January 1, 2025.

### **Protest**

Anyone may protest this Advice Letter to the Commission's Energy Division. The protest must state the grounds upon which it is based with specificity and must be sent no later than 20 days after the date of this Advice Letter submission. Protests are to be submitted electronically to the Commission's Energy Division at:

Email: [edtariffunit@cpuc.ca.gov](mailto:edtariffunit@cpuc.ca.gov)
